Class, "Three Components of Marxism" at The New York School for Marxist Studies" at 853 Broadway on 1/20/61.

The class started at 6:30 P.M. and SAMUEL D'LONG announced that 30 students had enrolled for the course. He explained that, in order for the students to get the most out of the course, there would be two sections, the other to be led by SIDNEY GLICK.

Before splitting the group, the following was attended to: handbills were distributed announcing a forum to be held on 1/27/61 with HERBERT APTHEKER as guest speaker. The forum is to be concerned with a Marxian analysis of the Civil War (American Civil War). Mr. D'LONG announced that Mr. DEL VAYO of Spain would speak before a closed forum on 2/10/61. Exact time and place would be announced later and there would be no classes that night so that the students may attend. The course is to be extended for one week in order to make up the time. The distribution of the course syllabus was attended to and texts were sold: Wage, Labor & Capital and Value, Price & Profit, both pamphlets and both written by KARL MARX as well as JOHN EATON's Political Economy. Mr. D'LONG also announced that, in the future, assemblies would be held one week prior to the start of classes so that the first class of each semester would find the students already prepared to begin the work.

After breaking up, Mr. D'LONG's class contained 13 students, including:

[REDACTED]
WALTER ROSS

b6
b7C

As Mr. D'LONG had pointed out and as was visibly noticeable, there was a wide range of ages represented among the students.

In his initial lecture, Mr. D'LONG worked from outline notes with the use of anecdotes to point out a

NY 100-142782

situation or prevailing attitude, etc. He quoted various people, however, restricted his quotations to defenders of capitalism. The pervading current of his talk seemed to be that, since socialism was the apparent "coming" (quotes are mine) system, we must study it and we must study our present society so that we know the situation in which we are living.

He developed the theme that each preceeding system had, within itself, the seed of the succeeding system and that capitalism is the "most brutal" form of exploitation so far. For the most part, Mr. D'LONG followed the outline as shown on the course syllabus.

There was break at 8:15 P.M. for some 15 minutes. Mr. D'LONG announced that, in the following meetings, there would be a break between 8:00 & 8:30 P.M. There were copies of Mainstream and Political Affairs on the front desk which were presumably available for purchase.

The class was dismissed at 10:05 P.M. Attendance had been taken at the beginning of the session, first names being used.

Additional: Mr. D'LONG also mentioned and suggested the group send for: Administration of Teaching in Social Sciences in the USSR which is being distributed by the University of Michigan at Ann Arbor, Michigan.

Dear

This letter brings you news that we think you will find exciting: As part of the renaissance of inquiry and challenge that is appearing among American youth - as the youth of the world - many young people are planning a national youth paper to be launched this coming fall.

The paper, to be called New Horizons, and to start as a monthly, is to be edited by youth and to be aimed at them in the shops and schools of our country, and youth of all persuasions, nationalities, colors, and backgrounds. Its commitment is to vigorous thinking, opposition to conformity, denunciation of apathy, and a desire for a world of peace, fraternity, and security. It will welcome and encourage examination of all ideas now challenging mankind, and not least among these, the ideas of socialism.

The youth feel the need for adult support and encouragement and those of us who have signed our names to this letter feel honored to have been asked to help. Would you not want to join among the adults who indicate their support of this venture into the frontiers of thinking and planning for our rising new generation? Sponsorship carries with it no implication other than an interest in and support of this fresh new breeze. In all publicity and other usage of names nothing more than this will ever be indicated; on the contrary, the distinct limitation here indicated will be made explicit.

Please do let us hear from you soon, as the young people - naturally - are in a hurry, and they want their paper to be ready for this coming September.

With best wishes,

P.S. Enclosed is a copy of the prospectus of the new paper; it is what moved us to write you this letter and it will give you a fuller and clearer idea of what is involved.

Cordially,

Herbert Aptheker

First Day's Session - 1/20/61

CLAUDE LIGHTFOOT acted as chairman of this session. The agenda was announced as: 1). A report by GUS HALL on the 81 Party Statement adopted at Moscow; 2). Adoption of revisions and motions and a summary relative to HALL's report. GUS HALL then read his report. Some of the important statements in this report follows: At the 17th Convention of the CPUSA HALL pointed to a fundamental shift in the balance of world forces in favor of the camp of socialism, democracy, national independence and peace. Since our convention, the shift has continued along this favorable course. The nature of the changes, the present relationship of forces and the direction of events have been summed up in the statement issued by the world-historic conference of the representatives of the 81 Communist and Workers Parties. Six parties, including the CPUSA, did not participate because of acts of terror and persecution; including, in our case, the existence of the McCarran Act.

This police-state legislation is designed to illegalize the CP totally. It is aimed at preventing our participation in any exchange of views between Communists and militant progressives of various countries as to the common problems facing mankind in the fight for peace and social progress. The 81 Party gathering was probably the most important of all time. The statement adopted by it declared that it is possible at long last to end the scourge of war in our time - that now war is not inevitable, but can be prevented by the strength, unity, and fighting spirit of the people. All Party members, clubs and leaders should study it thoroughly. In basic essence, the framework around which our 17th Convention built its program, policies and tactical approach was in accord with the main analyses and line of the statement.

The statement stresses that United States imperialism is the main danger of peace. A new statement was necessary because of the general crisis of capitalism. The new stage of the general crisis is particularly evident in our country which shows extreme decay. The statement pointed out that socialism is now indestructible. This is of utmost importance for us because it shows anew, and more clearly than ever, that the socialist system does not need or want wars,

NY 100-80641

that it does not need or seek to "export revolution" in order to maintain itself and grow. One may say this is truly the epoch of the rise in dominance and advance of progressive mankind both in thought and action. Let us uncover some of the actual unvarnished truth of the situation in the United States in this new world epoch.

The economy has entered its fourth slump since the end of World War II. Most disturbing of all is the spread of joblessness. Each downturn has left behind it a larger mass of unemployed than before. The signs all point to the conclusion that this fourth postwar recession takes place within a new framework, in which the long range factors of expansion and large scale industrial renewal are running out, first of all in the United States, but also in the rest of the capitalist world. The Wall Street trusts rob not only the American people but those in other countries as well. Their global plunder and kleptomania have brought the wrath of the world's peoples down on our heads. The prestige of the USA as a nation is today at its lowest ebb. Until two years ago Cuba was in the firm grip of the United States monopolies. It is precisely because the Cubans have freed their country from the grip of Wall Street that the tremendous hue and cry and the threat of attack on Cuba are now being generated.

Our task is to reveal that today United States big business is the chief threat of bringing about war. We Communists stand for socialism but have not favored war to achieve it. Everything possible must be done to press the new administration to end the coldwar. The central task of our Party is to be a Party of struggle, of mass struggle, of united front action on the widest possible basis. That is the heart of our vanguard role today. We have always been forefront fighters for the united front. We must re-establish that. To carry on mass work, however, there must be a correct appraisal of the situation.

Factors working against us to be considered are:
1), at this point we are a small Party; 2), we do not

enjoy full legal status. Our members cannot openly work in industry, in professions or in government. Our members cannot openly be members of unions or members of most mass organizations; 3), our country has gone through twenty years of relatively high employment that has left its impact on its people. Most of the trade unions and people's organizations are under conservative and even reactionary leadership and the majority of the workers are still unorganized; 4), there is no independent political party of labor; 5), there is as yet no mass socialist consciousness in the USA. On the other hand there are many positive facets to be considered. American workers are militant. There is a rising negro people's movement. We have in the United States a strong, deep democratic tradition and we now have a united Communist Party. We cannot ignore the virtual illegality of the Party. We must fight for our full legality with far greater energy than we are now expending.

The united front must be a way of life for our Party, for each member and for each club. A good leader, working with the masses, will almost sense when a new level of understanding has been reached and will, therefore, raise the work to that new level and continue from that point. In this context we can work realistically for recruiting into the Party, which is very important, though of course, it is only one feature of Party building. Here I think it necessary to state that it is possible to recruit into the Party at all times and under all conditions. The nature of the recruiting will vary but recruiting into the Party must never be stopped or halted. The problem is not one of sending people into organizations. Many are already there. The central question for us is to help our members, our clubs, our leaders, to carry on political activities where they are, and under the specific conditions that face men, which are often difficult conditions. This is the nub of the problem. While independent action by the Party is essential, the key is in the united front struggle by the building mass ties and united front work, in labor and peoples organizations and in workers neighborhoods.

NY 100-80641

On Party building, we must develop, train and draw in younger forces. We have to give central attention to the Party club. We must carry through a concentration policy and we must more effectively streamline the organization so that leadership may better reach and aid the clubs and members. Also of foremost importance is the building of our press. This is a cardinal, number one task. Last week an enlarged secretariat meeting concluded a review on the work of the leadership during the past year. We were very self-critical. Some serious weaknesses were discussed. The Secretariat has set up a task force, a committee to plan for a reorganization of the work of the center to make it more effective both organizationally and politically. We are a small party now but the future is with us. We represent the best national interests of our people - the noble aim of peace.

JAMES E. JACKSON who was first speaker at the afternoon session said the representatives of 36 million Communists, 81 Worker's Parties enacted a program which determines the future of the world for the next decade or more. The authority of the 81 Party Statement rests in the superiority of the socialist system over the forces of social reaction. The historic task of Communists in our day is to prevent unleashing of atomic war and nuclear war is not needed for the success of socialism. Eradication of colonialism and segregation is one more step on the road to socialism. The oppressed class can obtain their objective without bloodshed. Communists offer the people a peaceful life, freedom from want, the full development of man's spiritual life.

HOMER BATES CHASE said 81 Party Statement must be studied in CP clubs and CPUSA must carry out the mandate of this document. The people of the United States must be warned that President KENNEDY will carry on the struggle for imperialists and may carry out program of intervention in Cuba.

Otherspeakers followed including JACK STACHEL, JIM TORMEY, MANNY BLUM, GERALDINE LIGHTFOOT and WILLIAM PATTERSON. All agreed with the report of GUS HALL. Session adjourned at 6:30 p.m. to reconvene 9:30 a.m., 1/21.

NY 100-80641

SECOND DAY's SESSION, 1/21/61

On 1/21/61, [] advised that second day's session of meeting of National Committee, CP, USA, commenced at 9:45 AM, 1/21/61. In addition to National Committee members mentioned as in attendance 1/20/61, the following were observed entering Adelphi Hall, NYC, 1/21/61, presumably to NC Meeting: ELIZABETH GURLEY FLYNN, JAMES WEST, MIRIAM FRIEDLANDER and AL RICHMOND.

b7D

ELIZABETH GURLEY FLYNN was the first speaker and spoke of her attendance at the Rumanian Workers Party Congress held in June, 1960, at which she was a Fraternal Delegate. FLYNN said that between June and November, 1960, she had visited Rumania, Czechoslovakia, Hungary and the German Democratic Republic as well as the Soviet Union. She said she had spoken to the heads of government, CP leaders and educators in these countries and that it was a great experience for her. FLYNN, in discussing the Bucharest Meeting, said there was discussion regarding the Soviet-Chinese positions which she said dealt with the methods used by the Chinese in presenting their critical views on mass organization. FLYNN said that the Chinese comrades are not for war as is falsely portrayed by the capitalist press. She said the Chinese believe that the decision rests not with the socialist camp, but with the imperialists, and therefore, in addition to the fight for peace, preparation must be made for war. She said that the broad peace movement rejects a non-peace movement and insists on a movement that fights against imperialism as well as for the march of national liberation and socialism. FLYNN said that the Chinese view is that in a nuclear war three hundred million people might die, with the same number surviving, but that this would spell the end of capitalism. She said the Chinese are not opposed to disarmament, but feel it is propaganda.

NY 100-80641

FLYNN then discussed the activity prior to the November, 1960 conference of the world Communist Parties. She said that the Central Committee of the Soviet Union had proposed a draft statement which supplemented the 1957 declaration and set forth the developments of the following three years. She said this draft was submitted in late September to an editorial commission and became the basis for discussion. The final draft, however, was twice as long as the original and a secretariat was set up to go over the final draft. This session lasted three days and the document was agreed upon, the sections which were not agreed upon were brought before the assembly of the 81 Party Conference which met from November 10, to December 1, 1960. At this conference a thorough discussion of the entire document took place and was accepted by all present with enthusiasm and a common understanding was reached on the issue of peace. FLYNN said that the 81 Party Statement should be thoroughly studied and applied to each country according to its conditions. The basic issues that stood out were the struggle against war, peace, disarmament, peaceful coexistence, national independence and the growing socialist world. She said, however, that the fight for peace is the main task. FLYNN then commented that many people asked if the Chinese comrades adhere to the declaration (referring to the 81 Party Statement). She said all those who came in contact with them were impressed by their concern for the World Communist Movement. The Chinese want unity preserved and no split in the international movement. The Chinese desire full agreement in order not to give ammunition to the imperialist camp. The Chinese pledged to adhere to the declaration and they desire to restore all relations with the Soviet Union to what they were in the past. FLYNN said that it was her personal opinion that the attitude of the Chinese comrades was "We do think it (peaceful coexistence) can be done, but let's go ahead and try." FLYNN said that the feeling of the other

NOT

NY 100-80641

Communist parties in the world is that the CP, USA is operating in the "Heart of the imperialist stronghold", where the population is subjected to the strong influence of bourgeois ideology. She said that KOSLOV (Ph) at a banquet said that the CP, USA is small, but its leadership is good, perhaps, better than many there. He said the conditions under which the CP, USA work are such that survival and continuance as a party is a tremendous accomplishment. FLYNN concluded her remarks by commenting that peace is paramount in the world and quoted from LENIN to the effect that the development of science will make war an impossibility.

CARL WINTER described GUS HALL's report of yesterday as "Inspiring". He said the task remaining for the party is to make its position understandable to the masses of the American people. The party should concern itself with combating the image of the American Communist as being "Un-American". The party should show the American people that the Communists are championing their cause.

SAM KUSHNER spoke on the unemployment situation and what should be done in the depressed areas. He felt that this was a field of work for the party in which it could build itself. KUSHNER said that the party should make known the intent of the employers to use the House Un-American Activities Committee hearings to destroy labor and this should be combated in every way possible.

LOUIS WEINSTOCK reported on "The Worker", and the Party's plans to reestablish the "Daily Worker". In connection with "The Worker", he said there is approximately 14,500 paid circulation, of which 8500 represents circulation in the US. He said the income approximates \$90,000.00. With expenses of \$175,000.00 and the expected deficit by March, 1961, will be \$85,000.00. WEINSTOCK said that this deficit is to be

NY 100-80641

made up by the fund drive of which \$40,000.00 is to come from the NY District. He also commented that plans are made for four affairs in NY to raise funds for "The Worker" during 1961. WEINSTOCK said that the party was remiss in not sufficiently supporting the subscription and fund drives during the past year.

Concerning plans to reestablish the "Daily Worker", WEINSTOCK said that it is tentatively planned to print an eight page paper four days a week costing approximately \$300,000.00 a year. He said the party is selling certificates in amounts of \$50.00 and \$100.00 throughout the US in order to raise funds. The certificates specifically state that the money is to be used exclusively to establish a daily MARXIST newspaper in the US and in the event that such a paper is not established during 1962, the money has to be refunded to the certificate holders. WEINSTOCK said that he would make himself available to travel around the US on this venture if the National Committee should so authorize. He concluded his remarks by stating that plans have been undertaken throughout the Communist world to celebrate the birthday of WILLIAM Z. FOSTER and urged that celebrations of this event should be undertaken in all party districts in the US.

MILDRED McADORY spoke of the need of the party to undertake open mass work in order to reach the masses. She said that the party played an active role during the recent election campaign in Harlem where they sold "The Worker" and distributed literature. McADORY spoke briefly concerning her visit last week with the mother of HENRY WINSTON. She said that WINNIE's mother was at first critical of the party for what she considered the party's lack of concern

NY 100-80641

for her son's welfare. McADORY said that she had assured her that the party had been active in WINSTON's behalf and was contemplating further action to gain his release. She said that WINNIE's mother was reassured and McADORY felt that she might undertake "Public things" on behalf of her son. McADORY concluded by urging the party to reintensify the campaign for WINSTON's release and to make efforts to bring this case to the attention of President Kennedy.

SI GERSON said that the party should insist that the full weight of the Executive Branch of the Government should be thrown behind segregation legislation. GERSON was pleased with the report of GUS HALL yesterday and particularly with HALL's statement regarding the United Front. GERSON also spoke with regard to the past elections and remarked that the NEC election statement was absolutely correct. He said that HOMER CHASE's views were stubborn and dogmatic.

AL RICHMOND stated that the 81 party Statement had been discussed in the Northern California District. He said that the statement was regarded as a resolution of struggle that has been going on for many years. The feeling was that the statement had meaning for our party and presents a new challenge in handling the problems that confront the American people. RICHMOND remarked that the party did not agree on an election policy and this created problems. He urged that in the future, the party resolve to have one line, one direction, not only in terms of a statement, but in actual practice. Meeting recessed for lunch at 1:03 PM.

JAKE GREEN was the first speaker of the afternoon session and remarked that FLYNN's report

NY 100-80641

on the 81 Party Statement gave him a "New feeling" and this statement will have "World-wide significance". He urged the members of the party to get out and do the job that needs to be done in Negro communities and stated that masses of the Negro people will eventually see the role of the party. GREEN also expressed confidence that many people who left the party will see the light and come back. He also recommended that some type of pressure be put on the new administration to make them fulfill the promises made during the campaign. He concluded by stating that the party will move the masses and hoped the party will have the confidence it once had.

BURT NELSON expressed feeling that more clarity in the party's election statement would have been of help. He remarked that the goal of the party is in sight and described this goal as the unity of all those who are suffering under monopoly capitalism. NELSON remarked that he planned to have more discussion on the 81 Party Statement and will have mass distribution of material on it. He said he was looking forward to FLYNN's trip to the West Coast in March. HELEN WINTER commented on her recent trip to the Soviet Union and said that the leaders of the socialist countries take nothing for granted on the topic of peace and it is constantly discussed in one way or the other. WINTER said that the best method of advocating peace is by utilizing slogans which is done successfully in the socialist world and believes that the US Government and the CP, USA must realize the need for advocating peace. The party as yet does not understand the necessity for impressing upon the people the desire for peace. WINTER praised the progress made by the Soviet Union during the past 15 years. As an example, they are building goods and machines not only for their own use, but also for the underdeveloped countries.

NY 100-80641

WINTER spoke on the question of United Front activity emphasizing the need of the party to work with the rank and file rather than trying to lead in every instance. The United Front must have purpose and direction in order to properly guide the masses. She referred to the "Fair Play for Cuba Committee" saying it was doing an excellent job in appraising the North American people as to what is actually taking place in Cuba, but unfortunately there are many Trotskyites who make up the committee.

DANNY RUBIN spoke on youth activity and said the main issues wherein youth were active were the sit-in demonstrations and in activities supporting the Cuban people to determine their own course. He said in terms of a United Front for Youth, there was a need for a greater contribution by developing a highly conscious MARXIST thinking. RUBIN said that funds are an important aspect in youth work and estimated that youth work for one year costs in the neighborhood of \$25,000.00, adding that the party organization has to try to shoulder that burden.

DANNY (QUEEN) said that the Youth Movement is flexible due to constant changes and as a result, must be continuously reexamined. The party has to consider how to sustain and continue activities in youth work. He said it is not a movement involving large masses of youth, but it is a militant group mainly of a liberal core. He said the youth organization should also look toward broader areas beyond its own organization such as various community organizations.

PAUL ROBESON, JR. stated that the 81 Party Statement is a call to intensify the struggle for the defeat of colonialism and imperialism. He said the emphasis of the statement on the role of the

NY 100-80641

world struggle for colonial liberation had an impact on the people of the world. The document presented an insight of democratic centralism in the entire World Communist Movement and it would be well to learn from this the methods of resolving inner party differences in a democratic way and to develop the ability of discussing contradictions, problems and alternatives.

BETTY GANNETT said CP must apply the 81 Party Statement to its own situation. CP has a big ideological job on its hands to get the membership to understand the CP line. BEN DAVIS stated whatever differences CP has internally, it must subordinate them to carry on party work.

MIRIAM FRIEDLANDER said 81 Party Statement shows American people ready for a new bill of rights.

PHIL BART then spoke on party unity. The right danger is the most serious danger followed by leftism and lastly revisionism. It is essential that party line be directed to combat these dangers to unity. The unity of the party has been challenged on many occasions. The latest example being the case of ALEXANDER BITTELMAN. BITTELMAN opposed CP policy and the CP itself as now constituted. BART enumerated instances of opposition to CP policy some of which . . . were: demand of the CP, USA to publish his book even though book contained anti-party statements: demanded the right to travel to various CP Districts to expound his views. As a result, BITTELMAN was expelled. BART said BITTELMAN is an example of right revisionism and HOMER BATES CHASE is an example of left revisionism. CHASE refused to accept decision of National Committee and differed with them on almost every question. He has opposed the CP Electoral Statement and has expressed dissatisfaction with the way the National Executive Committee was elected at the last convention and has branded CP leadership as

NY 100-80641

being revisionist. The issue is not merely a difference of opinion, but factionalism on the part of CHASE. BART described action taken by the national leadership in sending DAVIS and HYMAN LUMER to New England in an attempt to have CHASE repudiate his position. BART concluded on the CHASE and BITTELMAN issue by proposing two motions. One, the National Committee endorse action of the Westchester Club in expelling ALEXANDER BITTELMAN. Two, remove HOMER BATES CHASE from the National Committee and CHASE be informed by the committee to abandon his present inadmissible approaches. Take such steps with National Committee cooperation to begin to work as a member of CP and within six months the Secretariat review his work and take into consideration any further steps or any other assignment in connection with CHASE.

on
JACK STACHEL amended motion/BITTELMAN to include endorsement of the Westchester Club's action for expulsion by the National Executive Committee.

Several speakers including HALL, POTASH and LIGHTFOOT, commented on justification of expulsion of BITTELMAN, but questioned the procedure followed by the Westchester Club.

Motion #1 carried unanimously for the expulsion of BITTELMAN.

Concerning the motion on CHASE, the floor was opened for discussion and the motion was seconded by WILLIAM PATTERSON. He related the details of a meeting of a special subcommittee held on 1/20/61. That committee met with CHASE and asked whether he had any self-criticism. CHASE said he had no self-criticism and on that basis the committee recommends expulsion of CHASE from the National Committee.

MORRIS CHILDS asked for a substitute motion that CHASE give to the CP a letter of self-criticism

NY 100-80641

and upon review of this, the CP will take into consideration a review of his future activity in the party.

CHASE, in his own defense, stated a review commission should have been set up a long time ago. Noting CP actually has a national leadership reviewing its own work. He noted a complacency in the party and stated it is not always as effective as it might be as GUS HALL has stated in his report. CHASE said he has a right and a duty to present opposition to the National Office. He said the direction of the national CP line is not going in an anti-imperialist direction. CHASE said he will accept the decision of the National Committee as he has always accepted in the past. He said the CP will not resolve the contradictions that exist in its program or HALL's report by this type of action. This action, in the long run, will not strengthen the party and will not resolve the problem. In conclusion, CHASE said he was sorry he had not been able to contribute more to the National Committee. He said he had worked hard and had always been honest with that body.

The chairman then announced no vote would be taken at that time on the CHASE expulsion motion. The vote will be the first item on the agenda for the 1/22/61 meeting of the National Committee. Meeting adjourned 6:25 PM.

NY 100-80641

THIRD DAY'S SESSION, 1/22/61

On 1/22/61, [] advised that third day's session of meeting of National Committee, CP, USA, commenced at 9:44 AM, this date. It is noted that although the first item scheduled on the agenda was to be the vote regarding expulsion of HOMER CHASE, no action was taken by the National Committee on this matter, initially. No explanation of the omission was made.

b7E

BEN DOBBS, of Southern California, was the first speaker, indicating that they must continue the struggle to increase the party's connections with mass groups. He said they should build among the independent movements which are based on the struggle for civil rights, anti-monopoly coalition and economic issues. He commented that the biggest single fact coming out of the November election was the mass unity of the Negro people.

TOMMY DENNIS, of Detroit, attempted to set forth reasons why there exists a great difference of opinion in the party on their electoral policy. He said that the CP must work with all forces that are moving. DENNIS, in speaking of the 81 Party Statement, said that it must be translated into terms the American people will understand. He said they must realize in preparing articles and other material that they are writing for the American people as a whole and not just for the members of the National Committee. He said he would propose that all "left presses" undertake to participate in a program of discussion on how to print material the people will really read and understand.

ARNOLD JOHNSON, of NY, then spoke on the peace issue. He indicated that significant signs

NY 100-80641

appeared in KENNEDY's Inaugural Address, signs which were much more apparent than those contained in the Democratic Platform.

FRED BLAIR, of Milwaukee, then spoke on the situation that has existed in the Wisconsin CP. He indicated that the CP of Wisconsin has gained three members in the last two years. He indicated he wanted to stress, however, that he felt the party was now on the move and has taken an active part in mass groups outside the party. He cited an organization which he said consisted of some seventy people which was formed to endorse an editorial of the Milwaukee Journal on the Laos situation as one in which party people participated.

SAM DAVIS, of Minneapolis, then spoke on pre-election activity in Minnesota during which time he said efforts were made to persuade Senator HUBERT HUMPHREY to clarify his position on certain issues, particularly the Landrum-Griffin Act and other issues affecting labor. DAVIS said that HUMPHREY refused to repudiate the Landrum-Griffin Act and thus lost the primaries.

MICKIE LIMA, of San Francisco, then spoke of the 81 Party Conference held in Russia, November, 1960. He said that it was made clear at this conference that the International Communist Movement is united on its main tasks. The conference reaffirmed that revisionism remains main danger of the International Communist Movement. LIMA endorsed GUS HALL's report.

MORRIS CHILDS, of Chicago, said he wanted to associate himself with the reports of HALL, JAMES JACKSON and ELIZABETH GURLEY FLYNN. He stated that although the CP, USA did not formally participate in the 81 Party Conference in Moscow, it nevertheless had influenced decisions made at the conference.

NY 100-80641

CHILDS said HALL's report reflected the spirit of the conference; said US Party is too timid in activities to influence the masses; with respect to Cuba, he urged educational campaign by CP, USA to show the people of the US the identity of their interests with those of the people of Cuba.

IRVING POTASH, of NY, then proposed that first and foremost, the CP, USA, must see that the problems of the Trade Union Movement are on the agenda of every club in the party. He said that every club whether industrial or community, must figure out how the CP can influence the successful outcome of a strike. POTASH said the CP was able to do this in the thirties and that even labor leaders WILLIAM GREEN and JOHN LEWIS had to recognize that Communist were "the salt of the earth".

JESUS COLON, of NY, then stated he was holding discussions in his club on the 81 Party Resolution.

An unmale, identified with Jewish activity, then mentioned the importance of cultural work of the party. In this connection he stated that anti-semitism continues to be an international problem. He said that until the "Daily Worker" is reestablished, the daily progressive press that they have now must be fully utilized in acquainting all with the problems in the Jewish field.

An unmale, from Chicago, (probably SAM KUSHNER or JAMES WEST), stated that there must be an examination of the party's registration. He said they must face the fact that the party is facing liquidation, particularly in the basic industries.

NY 100-80641

He said radical steps must be taken in the party to have realistic and effective leadership with regard to mass work. In this regard, he said the Illinois Party published a pamphlet on taxes called "People Must Come First", which he stated was very effective. He said the party should urge that the burden of welfare work be taken from the states and cities and vested in the Federal Government.

HERB KRANSDORF, of Pittsburgh, then discussed the economic and unemployment situation in the Pittsburgh area. In addition, he mentioned that a new "Red Circus" has taken place in that city. In this connection, he cited the removal of a professor at the University of Pittsburgh for signing a petition put out by the "committee for fair play" in Cuba. As a result of this incident, the Pennsylvania Legislature and various veterans groups have called for an investigation of the employment of Communists or pro-Communists at the University. KRANSDORF stated this is another attempt to prevent freedom of speech.

WILLIAM WEINSTONE criticized the neglect of the works of EUGENE DEBS, JOHN REED and others. He pointed out there was a new 800 page text book, "Foundations of Leninism", the use of which would strengthen the knowledge and theory of members. The American Party, according to WEINSTONE, was very weak in the teaching of dialectics which constitutes a large portion of this book. He said he recognized the fact that dialectics are the foundation of MARXISM. He feels the members' shortcomings in this regard has created an inability to come to grips with reality.

An unmaile reviewed action taken by New England District Committee in removing CHASE from district leadership. He urged that no fast action

NY 100-80641

be taken by the National Committee as all factional groupings have been removed.

JAMES JACKSON then stated that he agreed with CHASE's remarks the previous day to the effect that the review commission should be reactivated. JACKSON said it is becoming apparent that they cannot continue the process of degradation of leadership, that the party must have leadership endowed with all the requisites for functioning.

The following motion made and carried: that HOMER CHASE be removed from National Committee; that he be informed by this body to abandon his recent "impermissible activities"; that within six months he present letter of self-criticism to Secretariat, who in connection with the district, will work out a review of his work and activities and take whatever steps necessary. The presence of HOMER CHASE at this session of the National Committee meeting was not established by the informant or by fisur.

Session reconvened 2:02 PM. LOUIS WEINSTOCK designated chairman.

CLAUDE LIGHTFOOT reported on work of the Negro Commission and noted next issue of "Political Affairs" will have an article on the meeting of that commission, at Philadelphia. He said that conferences on Negro work are to start no later than March 15, and are to be held in all the districts.

PAUL ROBESON, JR., GUS HALL, TOM NABRIED, BEN DAVIS, CHARLENE MITCHELL, ESTHER CONTOR, TED BASSETT, GERALDYNE LIGHTFOOT and MILDRED McADORY participated in the discussion of the Negro resolution. Each speaker had certain suggested revisions of various

NY 100-80641

portions of this document. ESTHER CONTOR particularly criticized the resolution because it did not include a program of immediate action with respect to job discrimination against the Negro people. GERALDYNE LIGHTFOOT noted the need for a program of activities to be formulated by the party in celebration of Negro History Week.

BEN DAVIS said Secretary of Civil Rights is needed in the Presidential Cabinet to bring an immediate end to JIM CROW in the US. BEN DAVIS then read a resolution that a Constitution Committee be set up with responsibility to come up with proposals which can be acted upon at the next National Convention. This resolution was passed.

GUS HALL, on behalf of the National Committee, proposed WILLIAM WEINSTONE as a new member of that body. This resolution was passed.

An unfemale proposed the establishment of a Women's Commission. After some discussion, this proposal was adopted.

Two motions were then discussed, put to vote and passed. One, the Secretariat will deal with the question of quotas for "The Worker", two, the question of reestablishment of the "Daily Worker" will be handled by a local committee.

GUS HALL then summarized, mentioning various publications of the party and said that these can be used to tremendous advantage by the party. He stressed the need for unity in the party behind its leadership. He stated the leaders will be required to devote their individual attention to the party. He said the party is in a position to do many things behind a united party and a united leadership. He stressed that National Committee members should

NY 100-80641

analyze events in their districts prior to requesting assistance from the National Office. The party as of now will hold each member accountable for his own actions and will demand self-criticism from its members. He said they will no longer permit opposing statements to be disregarded or "swept under the rug". HALL touched on the party's electoral statement and suggested that National Committee members might reread it and thus realize the party's view was correct from the beginning. He said there is a belief in the party that the party is unable to get the support of labor because it has failed to endorse the formation of a labor party. HALL said the party's refusal is based on the fact that the two major parties have not reached a certain point in policy whereby a new party should be realistically formed. Upon establishment of a labor party, the Communist Party will then take action. However, at the present time, the party must continue to propagandize for the need of a new party. HALL said it is unwise to have CP candidates now considering the possible injury of persons who sign Communist Party nominating petitions.

HALL then spoke on youth noting there is an upsurge of Marxist Socialist Clubs that cannot be ignored. He was generally in agreement with the youth concept that emerged at the Chicago Conference. HALL said that the Youth Movement will grow spontaneously on different levels. HALL commented on the 81 Party Statement, stating that this statement did not compromise any of their basic concepts in the fight against imperialism. He then stated that the party's strategic concept was the anti-monopoly coalition.

NY 100-80641

A motion was made and carried that the main report and the summary be accepted.

JACKSON presented a resolution adopting the 81 Party Statement as essential to every CP. This was passed. Meeting ajourned 4:50 PM.

v/ The presence of the following National Committee members at instant session of National Committee meeting was established by fisur: WILLIAM ALBERTSON, HERB APTHEKER, PHIL BART, FRED BLAIR, ERIC BERT, MORRIS CHILDS, JESUS COLON, BEN DAVIS, SAM DAVIS, TOM DENNIS, BEN DOBBS, MARIAM FRIEDLANDER, ELIZABETH GURLEY FLYNN, BETTY GANNETT, SIMON GERSON, JAKE GREEN, GUS HALL, JAMES JACKSON, ARNOLD JOHNSON, SAM KUSHNER, CLAUDE LIGHTFOOT, GERALDYNE LIGHTFOOT, MICKIE LIMA, MILDRED MC ADORY, GEORGE MEYERS, CHARLENE MITCHELL, TOM NABRIED, BURT NELSON, IRVING POTASH, PAUL ROBESON, JR., PAT TOOHEY, JIM TORMEX and JIM WEST.

APTHEKER said this paragraph. The often quoted phrase "Religion is the Opium of the People" is a quotation used by the FBI out of context; MARX never said it that way. The Left is very snobbish toward religion, it does not know the difference between a minister and a priest, between the different types of Protestants, etc. The Jehovah Witnesses filled both the Polo Grounds and Yankee Stadium simultaneously, the left needs those people on their side. Religion is used by capitalism to keep the people down. The people believe that "the meek shall inherit the earth", the hereafter is the important thing. MATHEW said to a rich man who asked him how to get peace of mind; rid yourself of your riches, MATHEW answered. In the next world the slaves shall be the masters and the masters the slaves. The Hebrew lord did not wait to punish the Egyptians in the next world he drowned them in the Red Sea. The Communists must begin to take an interest in the religious american people since most of the american people are religious. 50% of the americans believe in the hereafter, and a larger percentage in the devil.

Membership meeting of
Amalgamated CP club,
Room 10E, Adelphi Hall,
NYC

Date of Activity

1/9/61

Date Received

1/9/61

NY 100-132494

On 1/9/61, [] made available information that reflects that the Amalgamated Club of the New York Industrial CP held a meeting under the name of "Amalgamated Press" in Room 10E, Adelphi Hall, 74 Fifth Avenue, NYC, on that same date. The meeting started at 6:25 p.m. and ended at 8 p.m.

b7D

The informant furnished information that CARL was nominated as Chairman of the meeting and CARL announced that the agenda would include a discussion on "The Worker" fund drive, reports from various committees and a report on the Moscow Conference.

CARL then asked if the Financial Secretary wished to give a report and BEN PALAZZOLA proceeded to give a short financial report in which he stated that the registration of members was proceeding satisfactorily; that the finances were better now than they were in 1959 at this stage and "We have enough money to pay our rent through April." PALAZZOLA stated that "We pledged a minimum of \$100.00 for the special emergency fund for 'The Worker' and we were supposed to pay it before Christmas. We haven't paid it as yet and I have received so far \$63.00." PALAZZOLA said that he hoped that he could close out the fund drive at the meeting and before the end of the meeting he would have the minimum \$100.00.

Before the end of the meeting, PALAZZOLA announced that he had collected a total sum for "The Worker" of \$104.00 and that he would give an extra \$5.00 himself which would make "The Worker" total \$109.00.

Then BILL KAUFMAN explained that, "The original proposal, for 'The Worker' fund drive, was that every comrade should give at least \$5.00 to the emergency fund for 'The Worker' and in addition to that we raised over \$100.00 in the affair we had for BENNY ANAPOL, so really our contribution to the emergency fund amounts to well over \$200.00."

NY 100-132494

Then Chairman CARL called on "Sister BECKIE" to give a report on a conference that she had attended on the previous Saturday. BECKIE stated that she had attended a CP Conference on Saturday, 1/7/61, that started at 10 a.m. and which ended at 5:30 p.m. on Sunday, 1/8/61. BECKIE stated that at this conference, ESTHER CANIOR, the Legislative Director of the State Committee of the Party, was present and that she gave an analysis of the legislative program being formulated in Albany, N.Y.

BECKIE stated that at this conference there was a "brilliant analysis" by PAUL ROBESON, JR. as far as the composition of the cabinet appointed by President-Elect KENNEDY was concerned. BECKIE stated that the way that ROBESON saw it was that the appointed Secretary of State and a good many others of the cabinet were not up to the expectations of labor people; that KENNEDY was expected to be Roosevelt-type executive and that he would reserve the making of policy for himself alone; that KENNEDY's appointment of the Secretary of State and some others was not what was hoped; that STEVENSON in the U.N. will have to carry out the policies of DEAN RUSK, "who is a ROCKEFELLER foundation man."

BECKIE continued that at the Saturday conference there was a discussion on the Negro problems and on the civil rights problems and that there was a long discussion concerning the reorganization of the Industrial Division but that this reorganization will have to be discussed at County CP meetings to affect more direct contact with various club organizations. BECKIE reported that community CP clubs must be mobilized and reorganized because at the present time there is much misunderstanding between the workers and the unions. BECKIE stated that it was proposed that only a few comrades should work with respect to community organizations and with the Industrial Division at the same time so as to be more effective.

BECKIE further stated that CLARENCE HATHAWAY gave an inspiring report as to the organization of the New York State CP. BECKIE proposed that a member of the New York State

NY 100-132494

CP be invited to a future meeting of the Amalgamated to give a report on the reorganization problem.

Then Chairman CARL stated that he wanted to praise a fellow comrade "JACK TUCHIN, who was operated on not long ago, who was very sick and who is one of our most courageous and most devoted comrades for being present at the meeting and for making this effort to spite his age and his recent illness. Several others joined with the Chairman in the praising of TUCHIN for his attendance at the meeting. CARL stated concerning TUCHIN, I was with him some time ago for a couple of years in one club. He responded to everything, was always an active member and never evaded any responsibility.

Chairman CARL then stated that he wanted to bring greetings to the comrades present from a very devoted Comrade MORRIS SCHNEIDERMAN." CARL went on to state that SCHNEIDERMAN was then in New York Hospital as he had had a very serious operation for a tumor on his lung on 1/7/61 and that the operation was a kind of a miracle the he should survive." CARL explained that SCHNEIDERMAN had been on the operating table for five hours, that the operation had started at 12:30 in the afternoon and that he was taken out of the Recovery Room at 12 mid night. CARL went on to state that SCHNEIDERMAN had needed 12 pints of blood and that "Comrade SOL PASSIKOFF was going to give blood the next day, 1/10/61, at the hospital for SCHNEIDERMAN.

✓ Then HELEN gave a short report of a special regional meeting that she had attended on Thursday, 1/5/61. HELEN reported that at the regional meeting it was stated that there would be a testimonial affair for MORTON SOBELL under the auspices of the Garment Labor Committee on Civil Rights on 1/28/61, at 8:30 p.m. at 37 East Fourth Street, NYC, between Third and Fourth Avenues. HELEN then announced that registration is now open for the winter term of the Marxist School, the Director of which is Dr. HERBERT APTEKER and HELEN stated that "all of us should try to cover some subject in the Marxist School. HELEN announced also that the publication Political

NY 100-132494

Affairs: would be coming out once again soon and she also reported that ESTHER CANTOR had been present at the regional meeting and that she wished to tell BECKIE that ESTHER had told her that BECKIE is on the Special Committee for Reorganization and this committee is going to meet on Monday the 17th, "you and ESTHER and somebody at 6 p.m.

HELEN then announced that on 1/11/61, at 8 p.m. GUS HALL would be interviewed on Channel 13 by MIKE WALLACE, and that all comrades should make it a point to listen to this program for HALL's appearance.

HELEN finally reported that all clubs and CP organizations should obtain the January, 1961, magazine "Political Affairs" to read what is there concerning the Moscow Conference so as to have full club and organization discussions on the Moscow Conference. HELEN remarked that the results of the Moscow Conference should be thoroughly discussed and stated that the National Committee of the Party is going to prepare an outline for all the groups. HELEN stated, These discussions should not be on theory alone, although the theory is important, but also on the application for ourselves for only then will we in America feel that we are making our contribution. For as you know, America was named as the number one aggressive country in the world by the 81 Communist Parties represented at the Moscow Conference.

Then the Chairman commented that all the plans and arrangements for the March 18 testimonial affair for Comrade ALEX ZAROFF had been completed and all that remained to be done was to publicize the affair in the "Morning Freiheit" with ZAROFF's picture and to get some publicity in "The Worker" concerning the affair and to sell tickets.

Chairman CARL stated that in the past for these affairs, MORRIS SCHNEIDERMAN had usually been the secretary and that he, CARL, was usually the chairman but that this year because of SCHNEIDERMAN's illness, the positions were reversed and SCHNEIDERMAN was to be president of the ZAROFF

affair and that he, CARL, would be the secretary so as to maintain continuity in correspondence for the affair. In speaking of ZAROFF, the Chairman stated, Here is one that really deserves a testimonial for by his actions, by his words, and by his devotion and loyalty in every way he proved that he deserves to be honored.

CARL stated that if anyone would want to contribute some money to the 'Morning Freiheit' he would quietly accept any contributions and turn the money into the 'Morning Freiheit' in the comrades' names. Then CARL turned the meeting over to BILL KAUFMAN, who spoke for about 20 minutes giving his comments on the Moscow Conference, which, according to KAUFMAN, were largely a result of reading the New York Times."

Immediately after KAUFMAN's remarks the meeting was adjourned with the statement that another meeting would be held on Monday, 1/16/61.

HELEN WINTER

(OO: Detroit)

[redacted] has reported that on 2/1/61, HELEN WINTER informed HERBERT APTHAKER that she had just arrived in New York. She asked if he had any photographs useful for newspaper publicity and he said he did not. She then noted that an appearance of ELIZABETH GURLEY FLYNN in Detroit had to be postponed until 2/18/61, on account of the EUGENE DENNIS obsequies. APTHAKER noted that he was scheduled for Chicago on 2/18/61, but for Detroit on 2/1/61, and at Antioch College, Yellow Springs, Ohio, on 2/1/61.

WINTER explained that the activity on 2/1/61, is to be a forum in the evening with the title "The Rising Tide of Racial Equality." It is intended to try to include some of the Colonial struggles, but gear it mainly to the Negro History week observance in the U.S. She said circulars had been prepared and put out, publicity and a hotel room secured, all with hope of having over 100 people. A regular series of forums have been set up, including others besides the CP, that being her reason for saying they cannot always control their chairman. WINTER said the Chairman is CARL HESSLER, [redacted] place not stated, and he is listed in the phone book. He has invited APTHAKER to stay at his place.

APTHAKER said he thought he would be staying the night of the 15th with the "kids" at Antioch, and they would get him to Dayton as he was being met there. WINTER said she would get him travel information for his trip out of Dayton by bus, train or plane. APTHAKER asked if the Detroit bookstore has the JOHN BROWN pamphlet, "The Labor Movement in the South during Slavery, Negro History, Its Lessons for Today, and Toward Negro Freedom." WINTER said she would check.

VICTOR PERLO said the Russians were very much irritated over the U-2 Incident and were very much excited; said that the people there were contented to a degree although not completely satisfied with what they had materially, although there was a spirit of working together; that the older people were not satisfied with the system because of religion and superstition but the younger people were very happy; said he had stopped in several countries and liked Prague, where he met a new correspondent from "The Guardian"; said that he stopped in Paris for four days on the way back; told [redacted] that he had taken quite a few pictures (color slides) and would be glad to show the slides [redacted]

VICTOR PERLO mentioned that he had been to Detroit (McGregor Auditorium-may have been Public School) and that he had spoken at a Forum there and several other people from the school, including HERBERT APTEKER, were scheduled to go but some Hungarian Refugee outfit had given them a hard time and this matter as to whether the public-owned auditorium can still be used by them is questionable. VICTOR PERLO mentioned that the Civil Liberties Committee and some automobile union workers were supporting their stand.

VICTOR PERLO mentioned that he had recently written some material favoring The First National City Bank as being a bank who is not supporting the cold war; that he has made an evaluation of articles and they seem to be for reduction in defense spending and their policy is much better than Chase and Morgan Guaranty.

VICTOR PERLO said he would like to do something about the attack by the American Legion but would not know how, as it would involve legal fees and he does not have that kind of money. It should be noted that portions of the information set forth below have been furnished by highly placed informants and caution should be exercised in the dissemination of any of this material to insure the protection of these sources.

NY 100-133884

PART I

BERT, ERIK

BERT is an at large member of the NC and holds the position of Executive Editor of "The Worker". He has been most active in the recent Fund Drive for the Party paper.

It has been reported that BERT will attend a Conference of CP journalists from all parts of the world in Leipzig, Germany, during the middle of March.

BLAIR, FRED

BLAIR represents the Wisconsin District on the NC and continues to hold the position of Chairman of the CP of Wisconsin.

There is some recent evidence that BLAIR would like to give up the position of Chairman of the Wisconsin CP.

BLUM, EMANUEL

BLUM represents the Indiana District on the NC and is Chairman of the Indiana Party.

BLUM has been highly concerned over the adverse effect of the notoriety that he received relative to newspaper coverage of a Midwest NC meeting held in September, 1960, in Chicago. BLUM has stated that because of this publicity, several people have discontinued his services as a tutor. In addition, it was learned that as a result of this publicity, a meeting of the Educational

NY 100-133884

Commission of the CP of Illinois scheduled to be held at BLUM's residence, was cancelled. In addition, BLUM expressed the opinion that the leadership of the CP should not attend the National Steel Commission meeting held during November, 1960, as their presence would jeopardize the security of other Steel Commission members.

CHAKA, EDWARD

He commented that it was a privilege of free speech not afforded him in NY. In his speech he advocated peaceful coexistence; was critical of the EISENHOWER Administration handling of the Cuban situation and spoke briefly about Africa and South America.

DAVIS has been in general disagreement with GUS HALL's program of reorganization of the NY District.

DAVIS, SAMUEL KRASS

DAVIS represents the Minnesota - Dakota District on the NC and is Secretary of that District. In his

NY 100-133884

position he exerts absolute control over the Party activities within the District.

There has been some comment reflecting adversely on DAVIS regarding the failure of the District to take any steps whatsoever regarding the registration during November and December, 1960. During November it was reported that DAVIS was bitter over his failure to effect the infiltration of a ward club of a major political party in North Minneapolis. DAVIS' efforts in this respect met with complete failure and those CP members who attempted to gain membership in a ward club at his direction, were completely unsuccessful.

DAVIS has put much effort into the development of a new Marxist youth group.

DAVIS continues to spend some of his time at "The Worker" bookstore in downtown Minneapolis and takes periodic trips to North Minnesota in the Duluth iron range area in particular, on Party business.

DENNIS, EUGENE

DENNIS died of cancer on 1/31/61.

DENNIS, THOMAS DE WITT, JR.

DENNIS is self-employed as "Tommy's Builders Repair Service". NY 100-133884

wife's objections. As a result, local CP leaders have complained of the failure of the National Office to resolve the problem of lack of leadership existing in the Michigan District. CARL WINTER reportedly expressed concern about organizational problems in the District and stated in effect that the National Office must get help for DENNIS soon.

DOBBS, BEN

DOBBS represents the Southern California District of the CP on the NC and holds the position of Executive Secretary of that District.

He continues to be closely associated with DOROTHY HEALEY, Chairman of the District and constantly defends her stand in regard to Party policies. The actions of both DOBBS and HEALEY have been under fire recently in regard to their attitudes toward the negro comrades.

NY 100-133884

HAALAND, NORMAN

HAALAND is a member of the NC representing the Oregon District. There is grave doubt that HAALAND will continue to function in the dual capacity of member of the NC and Oregon State CP Chairman. He has been under attack on charges of anti-Party position and on 1/2/61, the State Board members decided that because of HAALAND's uncooperative attitude, they had no alternative but to suspend him as State Chairman and to proceed with his trial on the charges. HAALAND thereafter was advised by a committee of board members that he was being suspended by the CP State Board as Chairman and in view of charges pending against him, he was not to attend an NC meeting, that if he did attend, he would do so at his own expense and without the approval of the State Board.

WEINSTOCK attempted to reach a similar agreement with the Czechoslovakian officials during his stopover in Prague, Czechoslovakia in late September when returning from Hungary, but was unsuccessful. WEINSTOCK did not ask for money from either the Czechoslovakians or Hungarians. The Hungarians reportedly told WEINSTOCK they could send them certain goods through their trading organization in the US. Kitchen utensils and other handicraft items were mentioned and it was stated that they could give the items to WEINSTOCK at cost or less and he could dispose of them as he sees fit.

In the latter part of January, 1961, WEINSTOCK indicated he has been to the Hungarian trading organization in NYC and found them much more cooperative than when first contacted. CP, USA is considering sending WEINSTONE to
Prague for a period of one year as CP,USA representative
on the staff of "World Marxist Review".

WEST, JAMES

WEST is a member of the NC representing the
Illinois District.

WEST attended a national meeting of the CP
Youth Directors in Chicago during November, 1960, at which
plans were discussed and formulated for the National Youth
Conference scheduled over the New Year Holidays. In
addition he attended a meeting of the NEC held in NY
during December, 1960.

NY 100-133884

WHEELER, JUANITA

WHEELER is a member of the NC representing the Southern California District. She is employed as Circulation Manager of the "People's World".

WHEELER attended the Leadership Training School held in NY during November and December, 1960. WILLIAM WEINSTONE, in reviewing the qualifications of the students attending this school, described WHEELER as "very intelligent". This opinion is in contrast to the evaluation of many fellow comrades in the San Francisco area who consider her mentally slow and hardly qualified for membership on the NC.

WINTER, CARL

WINTER is a member of the NC representing the Michigan District. In addition he holds the position of Chairman of that District and Chairman of the Midwest Region, CP, USA. He devotes his full time to CP activities.

WINTER has greatly improved in health and is currently involved in the move of the Michigan CP office to new quarters.

WINTER, HELEN ALLISON

WINTER is a member of the NC as well as a member of the Michigan State CP Committee.

At a meeting held in October, 1960, she reported on her recent travels to Cuba and her attendance at the Convention of the Popular Socialist Party of Cuba. She outlined the background of the Revolutionary Movement giving an appraisal of the role being played in this movement in the government by Communist factions. She lauded the Castro Government and described the position of the Communist element in glowing terms.

NY 100-133884

WINTER returned to the Detroit area on 1/6/61 after having attended the meeting in Moscow of Secretaries of the CPs throughout the world. WINTER was a delegate of the CP, USA to this meeting. She is planning meetings at which she will report her activities while in Russia.

Part II

PHIL BART, in January, 1961, has eluded to the existence of a national "leftist" group inside the Party. He said that while he is without absolute evidence, there were some indications of its existence. BART said that there is a situation in the Oregon District of the CP. BART commented that he received a letter from CASSIE JONES, CP member from Oregon, stating that the Oregon CP had suspended or expelled NORMAN HAALAND until further notice and asked that the National Office have nothing to do with him. BART stated that HAALAND is one of BERT NELSON's "boys" and it is possible that NELSON may be engaged in a national "leftist" group. BART concluded that there must be a system of correspondence in this group but the particulars are unknown. He said that he has seen manifestations of such a leftist group in the NY County CP and has heard there are such manifestations existing in the New Jersey CP.

BEN DAVIS criticized GUS HALL's report to the NC at the meeting held 1/20 - 22/61, claiming HALL always attends the meetings, makes good speeches, but gets nothing done. According to DAVIS, HALL talked about the economic situation but has failed to reflect a clear cut program.

HALL later criticized DAVIS for not making a sincere effort to attend the National Negro Commission meeting in Philadelphia on 1/14 - 15/61. HALL indicated he was not satisfied with the work of the leadership and

NY 100-133884

that unless there was some improvement in the near future, he would take steps to have certain individuals replaced.

As a result of the foregoing, DAVIS and HALL became engaged in a heated discussion.

ELIZABETH GURLEY FLYNN and HY LUMER have agreed that the trouble with the National Organization is that they do not have a working Secretariat. They described BEN DAVIS as "nothing but a windbag". In addition both FLYNN and LUMER indicated dissatisfaction with the leadership of GUS HALL has given to the Party.

The disputes between FLO HALL and JAMES WEST in the Illinois District continue. As a result they are unable to effectively coordinate the work of the District.

The dispute regarding negro leadership on a national scale continues. BILL ALBERTSON, who has been removed from leadership in NY State, has stated that BEN DAVIS has systematically stifled or prevented the up-grading of any other negro leader on a national scale. He said, however, that DAVIS has not been able to stop CLAUDE LIGHTFOOT although he continues to snipe at LIGHTFOOT at all national meetings. ALBERTSON has stated that one of the reasons GUS HALL does not tangle with DAVIS on the leadership question is because of the general weakness of the CP line on the Negro Question. One of the reasons given for the low negro membership in the Party in NY is because many negro Communists will not register in view of their dislike for DAVIS and their feeling that his line on the Negro Question is wrong.

Recently, CHARLENE MITCHELL was the source of controversy at a meeting of negro comrades of the Southern California District when HEALEY and DOBBS were charged with white chauvenism. This charge was made because they attempted to oust MITCHELL from her position as a full time paid employee of the District. The reason given for this ouster was the fact that MITCHELL's ill

NY 100-133884

health did not permit her to work full time.

Part III

The family relationship of DAVIS and his wife continues to deteriorate. He uses vile and obscene language in addressing her. Recently it has been reported that JOE EDELMAN has made certain overtures to NINA DAVIS, BEN's wife. It would appear from conversation that an affair between the two in the near future is a distinct possibility.

BEN DOBBS has recently been under the care of a physician for a growth in his throat. According to DOBBS, his physician has indicated the growth is not malignant.

Considerable animosity was developed between PEGGY DENNIS and certain leaders of the CP at the time of her husband's death. She has indicated that there was a general lack of feeling or interest in her husband's condition until just at the "end". The Party leaders, mainly PHIL BART, made funeral arrangements including a memorial service without consulting or inquiring as to the wishes of PEGGY. She was incensed and dismayed at this. It is noted that she did not attend the memorial service for her husband.

PEGGY DENNIS revealed that ELIZABETH GURLEY FLYNN was in the Midwest where she had a number of meetings scheduled when she got the news of GENE's death. She immediately cancelled all meetings. PEGGY said that FLYNN had a terrific row because people in Chicago, Detroit and Cleveland raised "holy hell" and said that she could fulfill her commitments and still return to NYC for the services on Sunday. According to PEGGY DENNIS, FLYNN was furious and said that she has never seen "such calbuseness and such vulgarity in any organization; that she could not see how they could even continue to hold the meetings

NY 100-133884

under such circumstances whether she was there or not".

CLAUDE LIGHTFOOT stated in late 1960 that since his wife GERALDYNE no longer works at CP Headquarters, he is running about \$40 short each week in trying to make his household expenses meet his income. LIGHTFOOT has proposed that he purchase refrigeration equipment for the purpose of storing eggs and that his wife could purchase eggs in Indiana from farmers and subsequently sell these eggs to restaurants in Chicago. LIGHTFOOT is attempting to secure \$1,000 for this venture and GUS HALL has promised him \$500 of CP, USA funds for this business.

MICKEY LIMA has been criticized for his actions while attending the Moscow Conference in November, 1960. Contrary to instructions, LIMA took voluminous notes at the Conference after previously being instructed that no notes would be permitted to be taken out of the Soviet Union. His activities in this regard became so noticeable that the Soviets called them to the attention of the Chairman of the CP, USA Delegation.

LIMA also violated "protocol" by quizzing delegates from other countries without the permission of the Soviets.

Due to his actions at this Conference, LIMA has provoked the suspicions of other CP leaders and his future actions are likely to be observed with these in mind.

TOM NABRIED and FRANCES GABOW attended a New Year's Eve Party on 12/31/61, imbibed freely and were found in bed together by the hostess on the morning of 1/1/61. They were fully castigated by the hostess for such actions and have been apprehensive about repercussions but have not discontinued their affair. The negro

NY 100-133884

common law wife of NABRIED is suspicious of them and understandably upset about this situation. NABRIED's heart condition has continued to slow down his pace and requires him to take a nap almost every afternoon. Many days he does not leave his residence. NABRIED continues to play numbers, betting daily in the amounts of .10 to .35.

On Christmas weekend BURT NELSON became involved in a bitter argument with his wife HELEN, resulting in his wife either hitting NELSON over the head with a whiskey bottle and/or throwing a glass full of beer in his face. In retaliation, NELSON allegedly struck his wife, knocking her down and then kicked her while she was on the floor of their boathouse. Following this, NELSON departed and went to a friend's house in Seattle and remained there all night.

The following morning, after several cups of black coffee, NELSON became somewhat concerned about the condition of his wife, wondering whether or not she had been able to get off the floor. He indicated he did not know whether she was alive or dead. It was ascertained later that day that on arriving home NELSON was much relieved to find his wife alive. These family disputes involving NELSON are becoming more frequent and more violent. When considered with the other animosities existing between NELSON and others in the CP both local and national, it is expected that NELSON's days as District Chairman are numbered.

It was learned during the latter part of the week of February 5, 1961, that GUS HALL, General Secretary, Communist Party, USA (CP, USA), had informed ERIC BERT, Managing Editor, "The Worker", to prepare for a trip. BERT has been given an invitation to attend a meeting to be held in Leipzig, German People's Republic, on March 20-21, 1961. At this meeting there will be an extensive discussion on the topic "New Methods of Imperialism".

Permission has been received for BERT to proceed to Moscow, Russia, after the conclusion of the Leipzig meeting. His only transportation expense will be the cost of air travel to Prague and from there the Russians will pick up the remainder of the tab. BERT's transportation costs for the round trip from New York to Leipzig will be paid for by someone in East Germany.

BERT's wife, name unknown, has been authorized by HALL to accompany him on the above described trip.

It has also been learned that HERBERT APTHKEER on his last trip abroad completed all the preliminary arrangements for the trip of ERIC BERT.

✓
APTHEKER said this paragraph. JOHN BROWN held his raids three years before the Civil War. BROWN was hanged as a madman. During the Civil War the Union Army sang "John Brown's Body." BROWN said that you can kill me but the slavery issue is not over yet. Desertion was much more prevalent in the Southern Army and for different reasons. The soldiers of the Southern army deserted because they believed the southern cause to be wrong and some even joined the Union army. There were many slave revolts before the Civil War including one led by GABRIEL, a 22 year old Negro who was hanged. The courts would not try or hear cases which involved a slave owner suing a Negro for property he took when he was freed. Several Southern states also had Union armies. APTHEKER suggested the reading of his books on the Civil War. The Civil War wasn't a honorable war on the part of the South.

About half of the crowd was under 25 years old. This forum may have been organized by Advance since JOHN VAGO and another young fellow were collecting the admission money.

On 1/10/61 there took place a meeting of the Allerton Club of the Bronx Communist Party. This took place at 683 Allerton Avenue in the Bronx.

Those present were BELLA HALEBSKY, SAM NESIN, DORA ZIEBEL, BEA and STANLEY STEIN, HYMAN GOLDSTEIN, ABE ITZKOWITZ, FERMIN CAMENIR, REBECCA GORDON, MARY SCHNEIDER, GOLDIE LEVITT, MOLLY BERGER, and SAM WEINRITT.

BELLA HALEBSKY, club organizer was at the chair and announced that a meeting with ELIZABETH GURLEY FLYNN, who had recently returned from a long stay in Europe, being the speaker. This will be held on 1/24/61. It was decided that the executive committee of the club would make all the arrangements.

MOLLY BERGER then gave a report on her work with the Emma Lazarus Society. She said that she is the president of Allerton branch and active in the state and national organizations. She said that her activity with the society prevented her from being active and come to many meetings of the Allerton Club.

✓ She said that she has been working with the local library. In Brooklyn, MOLLY said the society is very strong and active. The national organization is holding classes for leaders. HERBERT APTHECKER is going to teach a course on the Negro during the Civil War and MORRIS SCHAPPES on the Jew during the Civil War.

NY 100-26603-C315

The Emma Lazarus Society is now starting a campaign to amend the Walter-Mc Carran Act of 1952. The object is to amend the law by providing for a five to ten year statute of limitations. The organization is doing this by distributing pamphlets and collecting signatures on petitions. The Allerton Society of the Emma Lazarus Society is going to try to start a young womans Chapter. BELLA HALEBSKY said that BEA STEIN would make a likely candidate.

BELLA HALEBSKY said from Party Affairs, Dec., 1960 issue an open letter from GUS HALL to the Allerton Clubs. This referred to a meeting addressed by GUS HALL in May, 1960. This caused a great deal of annoyance. BELLA HALEBSKY said that the executive committee would compose a reply to HALL's letter which no one had seen before. She was angry. DORA ZIEBEL said that HALL did not see the picture as it really was. SAM WEINRITT said he was avoided by all his former friends, didn't HALL realize that the times had changed. SAM NESIN upheld HALL.

MOLLY BERGER said that at her husbands industrial club, CLARENCE HATHAWAY said that harmony has been restored in the leadership of the Communist Party because the leadership had been reduced from fifteen to seven.

As the meeting ended REBECCA GORDON was overheard telling BEA STEIN that she would send her the address where the next meeting of the Emma Lazarus Society would be held.

The meeting was scheduled for 8:15 PM, but because
of late arrivals, it was 8:45 PM before the meeting began.

Those present:

JESSIE SHERIDAN
DAVE SIMONSON - Club Chairman
HUGH STATEN
PAT TERRY
LINDA LAWSON
ANNA MORGAN
MILT COHEN
BEA PEARSON

DICK MORGAN did not attend and had complained that
the club meetings never start on time.

DAVE stated that his wife, KAY SIMONSON, is a member
of the "other Hyde Park Club".

Literature, a report by MILT COHEN, and announcements
composed the agenda. No financial report or educational
was given.

Literature

ANNA MORGAN distributed literature including "Masses
and Mainstream", "Soviet Woman" and a periodical about China.

On the 4th and 5th of March there will be a literature
sale at the MORGAN's so that people who can't go to the Modern
Book Store will have an opportunity to either buy or order
literature. ANNA said the Modern Book Store is in poor financial
status. ANNA is to get out a leaflet on this sale. BEA PEARSON
volunteered to help on the 5th and PAT TERRY and LINDA LAWSON
volunteered to help on Saturday. Hours will be approximately
1:00 PM to 8:00 PM on Saturday, the 4th and 1:00 PM to 5:00 PM
on Sunday, the 5th.

Report by MILT COHEN

MILT reported on the 81st Marxist - Leninist Party; unemployment, including Negro unemployment, FEPC, emergency relief community-wise.

MILT had recently attended a meeting of CP leaders, but no mention was made of the time or place of this meeting.

DAVE suggested that the slogan "Peace - Jobs" be painted on old buildings, walls, I. C. stations, etc., as they do in Europe for "Yankee, Go Home". LINDA, HUGH and DAVE volunteered for this. Apparently DAVE lived in France for three years, exact time not stated.

MILT had to leave to attend another meeting. He gave leaflets to LINDA concerning the Marxist school on social science. She announced the school begins February 27, 1961, will last for eight weeks, classes Monday, Tuesday, Wednesday and Saturday. The classes will be at 333 West North Avenue. The leaflet was criticized as being messy and ANNA said that DICK CRILEY made the leaflets and it's surprising they turned out as well as they did because he has mangled his hand.

DAVE said at least two Club members should attend, but no one stated any plans as of yet of attending.

Members were urged to become active in mass work such as peace groups, schools, open occupancy, tenants, etc.

The next meeting is to be held February 22, 1961, at DAVE's house. This meeting is being held a week from the present meeting so that it won't meet at the same week as the other Hyde Park Club. After next week, meetings will be two weeks apart.

Announcements

It was stated that RHODA and FOSTER STOCKWELL are back in Chicago and one will go into the Frederick Douglass Club and the other will go into the other Hyde Park Club. No mention was made of their residence or employment.

CG 100-38194

JESSIE SHERIDAN will not be in town for the first ten or twelve days in March. She said she is going on vacation, but didn't say where she was going.

HERBERT APTHEKER will speak on the History of Negro Labor the 18th of February at the BLUM's, [REDACTED]

✓ On February 23, 1961, there will be a meeting at the Packinghouse Union Hall sponsored by the Fair Play for Cuba Committee.

Attended meeting sponsored by "Freedom of the Press" Sunday February 19, 1961 - 7:30 PM, 410 South Michigan, 8th floor - Music Room.

Principal and only speaker other than announcer, was Dr. HERBERT APTHEKER. Attendance approximately 100 to 125 persons. Admission, \$1.00. No special collections taken up. Usual sale of pamphlets, books, etc.

Lecture was advertised "Marxist View of Abraham Lincoln Years". It was an hour-long dissertation by Dr. APTHEKER, principally caustic and sarcastic in nature and for the most part, a disputation of fact. Some of the remembered points are:

1. A New York daily paper listed 30 historical events with February anniversaries. Notably missing was mention of the Negro Rights annual anniversary.
2. Union colored soldiers were paid less than the white soldier during the Civil War.
3. Colored soldiers were principally instrumental in achieving the Union victory.
4. Negro property was confiscated by the Federal Government after the war.
5. Mention was made of possible treason within LINCOLN's Cabinet during the war.

A question and answer period followed the lecture. One woman asked, " Since all the progress we have made in our common effort has been achieved by revolution, do you feel that our ultimate success will be gained that way?"

Dr. APTEHEIER hesitated and finally said,
"We do not know what the ruling class will do".
He then disagreed with the question pointing out
that the Communist Party has achieved many successes
by means other than revolutions.

Meeting was over at 10:00 PM.

Noted there were three different small
groups having coffee at Pixley and Ehlers on East
Van Euren Street after the meeting.

On February 19, 1961, a meeting of the Freedom of the Press Committee was held in the Music Room, Fine Arts Building, 410 South Michigan, Chicago.

In attendance were:

FLO HALL
Mrs. FINDER and daughter
HERBERT APTHEKER
CONNIE NEUHAUS
RUTH EPSTEIN and husband

✓ APTHEKER was introduced and he spoke on a Marxist view of the Civil War. He said the Civil War Centennial is being celebrated incorrectly. Misleading interpretations, almost apologies, and white-washing of the Confederate activities are taking place. The people promoting the Centennial celebration are absolutely neglecting the role of the Negro. If it weren't for the fighting of the Negro soldiers together with the white shooting other white men, the North could not have won the Civil War.

CASTRO is criticized for confiscating private property, but LINCOLN, with the stroke of a pen, confiscated thousand of dollars worth of private property by freeing the slaves. Also President KENNEDY could, with the stroke of a pen, freeze federal funds to educational institutions which are segregated.

APTHEKER stated that aggression always begins with a counter-revolution by reactionaries which in turn creates a real revolution which eventually defeats and destroys the reaction that began it.

NY 100-26603-C40

Date of report Feb. 1, 1961

The Bronx County Committee held a regular meeting on Wed. Jan. 25, at the home of AL NAIDICH on [REDACTED]

b6
b7c

The following people were at this meeting MIMI FRIEDLANDER, EDITH ROSENBERG, BEN BORDOFSKY, SAL, AL PAULA SAM NESSIN, AL NAIDICH, CARRIE SCHREIBER, NAN DICKMAN, BEN CHASNOFF, and the young girl from the North east (Allerton) Section who attended the previous County Committee meetings, who goes by the name of ELAINE.

Before giving the main and only report, on the recent National Convention meeting, which was held on Sat. and Sun. Jan. 21, and 22, MIMI made a few remarks.

There are many state problems on reorganization, the Worker finances, the new set up from club to state and press.

These will be taken up at the next County Committee meeting, and after much discussion the date was set for Wed. Feb. 8, at AL NAIDICH's house.

Before MIMI gave her report, BEN said that the last session of the County class, which was to be held this Friday Jan. 27, might have to be postponed, because a few people indicated they were unable to attend.

It is also possible that the speaker, BETTY GANNETT would not be able to attend, in any event he would contact each one of the people and let them know when and where the next class would be held.

EDITH urged everyone to make sure that registration is completed by the next County Committee meeting, and also if anyone has any outstanding fund drive money to turn it over to MIRIAM SINGER as soon as possible, so that we can begin our new fund drive, which already gotten under way, but which cannot begin

NY 100-26603-C40

until the old one is finished.

MIMI reported that at the recent National Committee meeting, held over the last weekend, the main report, by GUS HALL lasted about three or three and one half hours, and this was followed by two other reports, one by JIM JACKSON and the other by ELIZABETH G. FLYNN.

GUS spoke on the recent conference in November, in Roumania, by the 81 Socialist and Communist Parties around the events which were happening all over the world.

As MIMI said there are 86 Parties in the world by only 81 actually took part in this conference, because the other 5 were barred from participating because of existing laws in their respective countries, the U.S. being one of these, but this does not mean that people from these Parties did not participate.

At this conference the outcome saw a complete unified agreement on all phases of discussion, the main objective of which was that peace can be maintained in this era of Capitalism. This form of Capitalism is still the dominating force in the world even though it is on the decline, due to the many unified forces of Socialism in the world today.

The best example of this is the recent session of the U.N. which saw the U.S. suffer many setbacks, the reason for this, that the many new forces admitted into the U.N. backed the Socialist forces around many issues. At this session it was shown that the U.S. is not the strongest force in the world today, the Soviet Union is forging ahead on every level.

There is much unrest in the U.S. the unemployment situation, around education, on foreign policy, the cost of living still rising, inflation etc. the tug boat strike are only a few issues around which the forces of Capitalism are involved in.

NY 100-26603-C40

One of the main issues discussed, at great lengths, and the outcome of which saw a complete unity at this conference was that war is not inevitable, it can be prevented, and is not necessary as some people in the world think.

MIMI emphasized that GUS departed from his speech to urge every club to organize around the many issues, especialy on unemployment, the complete A.F.L. C.I.O. program for a shorter 30 hour work week, for an extension of the unemployment benefits and an lengthening of the time to receive these benefits.

The Puerto Rican, Negro peoples movement, and the full support of the Cuban revolution is a must in this period and the Community must become the center of all or most of these problems and everyone must work towards this goal.

MIMI, also departed from her report to praise President KENNEDY for his wonderful talk on radio, especialy around the issue of Laos, where he advocated a neutral government to take over the unrest that is in that county.

She praised his selection of the Cabinet members, his foreign policy speech and if this continues we can exert pressure on many important issues which will arive from time to time.

MIMI said that the main task for the Communist Party in the United States today is to maintain peace at all cost, and if necessary to fight for it.

In referring back to GUS HALL speach, MIMI pointed out that the U.S. still has many oversea bases which she must give up, the people must check more closely how the government spends its money, examine the situation in Cuba, urge the U.S. remove its base from that Island, urge American imperialist to cease their exploitation of the other South American countries and let them work out their own problems.

At home the fight for Negro rights and their right to wage a continued struggle in the South to integrate must be

NY 100-26603-C40

supported, and President KENNEDY must issue an executive order ban___ all resistance against them.

A new attempt must be made to repeal the various Anti-Communist Smith Act, McCarran Act, etc. at this session of Congress.

In conclusion, there must be instilled in the Party today a new atmosphere in line with the 17 National Convention and every officer and member of the Party must become active in the community, in local P.T.A. political organizations, fraternal organizations etc. and be in constant contact with the masses and around every struggle.

MIMI briefly announced that final action was taken around the expulsion of ALEXANDER BITTLEMAN, for his flagrant violation of disobeying Party rules, also that HOMER CASE was removed from the National Committee, he comes from New England, and that WILLIAM WEINSTONE was admitted to the National Committee.

✓ On announcements BEN CHASNOFF said that on Sunday June 29, at the Cultural Center on 174 St. and Boston Road, HERBERT APTHEKER was going to speak on the Marxist Analysis of the Cuban Revolution. The meeting would start at 7 30 P.M.

MIMI gave SAL some Worker affair tickets for Friday March 3, at Carnegie Hall.

2/7/61

On 2/6/61, a meeting of the Peace Club, Crown Heights Section, Kings County CP, was held at the residence of JOE and YVONNE NAHEM, [REDACTED]

b6
b7C

All the following people were present and paid their February dues:

YVONNE NAHEM
OLGA ALPER
MILLIE CORBEN
CHAIM SULLER
LEO RABOUINE
ROSE SOBEL

At the suggestion of ROSE SOBEL, the meeting nights of the Peace Club were changed to the second and fourth Mondays of the month.

At the next meeting of the Peace Club, MILLIE CORBEN is scheduled to give a report on Sections 1, 2, and 3 of the 81 Party Conference Report.

It was announced that there will be a Crown Heights Section meeting on 2/7/61 to discuss holding Section membership meetings more often. It was pointed out that the recent Section meeting that BEN DAVIS attended was well attended, and that it would be for the good of the Section if the membership got together more often.

ELIZABETH GURLEY FLYNN is scheduled to speak during the evening of 2/10/61, at 1110 Eastern Parkway, Brooklyn, N.Y., and her topic will be her recent trip to the Soviet Union. This affair will not be open to the public, and will be by invitation only.

NY 100-26603-C1957

✓ On Thursday, 2/9/61, the Crown Heights class will meet to hear HERBERT APTHEKER discuss "The Domestic Scene Since Inauguration."

CHAIM SULLER said that plans are in the works for a "Daily Worker", and that funds have been set aside to buy a printing press which will be installed in the basement at 35 East 12th Street, New York City.

YVONNE NAHEM mentioned the work in Tenant Groups, and pointed out that these groups are all working separately. She called on the Party to sponsor a city-wide conference to co-ordinate this work. She said that her mass organizational work is being performed in Tenant Groups.

CHAIM SULLER said that his mass organizational work is being done in Jewish cultural organizations, and he mentioned that he is a member of the Party's Jewish Commission. He is to give a report on the Jewish Question at the Peace Club meeting to be held on the fourth Monday in March, 1961.

MILLIE CORBEN said that both PETE BEVERIDGE and his wife, HORTENSE, are delinquent in their dues. She said that PETE is paid up to August, 1960, and his wife is paid up to January, 1960.

OLGA ALPER agreed to and was appointed temporary Press Director of the Peace Club, with the stipulation that after a few months, if she doesn't like it, she can give it up. She was the logical person to appoint to this post as she had no outside club activities, and participates in no mass organizational work.

No dissemination is being made to the file of ELIZABETH GURLEY FLYNN inasmuch as her talk scheduled for 2/10/61, at 1110 Eastern Parkway, Brooklyn, has been well publicized and reported before. Dissemination of this memo would not add anything substantial to her file.

Re: Herbert Aptheker

At 7:00 p.m. on February 28, 1961, Herbert Aptheker delivered an address on the radio program "The Commentary Series" over FM Radio Station WBAI, New York City.

Recent issues of "Political Affairs", including the February, 1961 issue, list Herbert Aptheker as its Editor.

The April, 1960 issue of "Political Affairs" identified itself as "A Theoretical and Political Magazine of Scientific Socialism".

While under direct examination as a defense witness in the United States versus Elizabeth Gurley Flynn, Et Al, Criminal Docket C 135-7, United States District Court for the Southern District of New York, on October 20, 1952, Elizabeth Gurley Flynn testified that "Political Affairs" is the theoretical organ of the Communist Party of the United States and has been so since the magazine was "set up" in 1945.

"The Worker", an East Coast Communist weekly newspaper, in its issue dated January 3, 1960, identified Elizabeth Gurley Flynn as a Vice Chairman of the Communist Party of the United States.

The radio announcer stated that "The Commentary Series" introduces commentators who give their individual viewpoints on current issues. The announcer then introduced Herbert Aptheker.

Re: Herbert Aptheker

The following, in essence, is the address of Aptheker:

Aptheker stated that he wanted to express certain thoughts concerning the current celebration of the centennial of the American Civil War. He characterized it as an orgy of Chauvinism, an apology for treason and a celebration of counterrevolution.

Aptheker said that the truth about the Civil War hammers home the following points:

1. The real threat to the American republic lies in the forces of reaction. The first families of the South were responsible for the first attempt to overthrow the government.
2. The basic defenders of the republic were the producing masses, both black and white.
3. The oppression of the Negro people is a matter of basic principle and its existence has been central to American history.
4. Racism has been destructive of national strength and the popular welfare.
5. In the Civil War, the contributions of the Negro were absolutely decisive in the ultimate victory of the North.
6. Policies of patience, compromise, gradualism are disastrous and are devices for the continuation of oppression.
7. Negro-white unity contributed to the winning of the Civil War.
8. Decisive governmental acts are needed to fight oppression.

Re: Herbert Aptheker

9. During the Civil War, the broadest possible unity was needed and was achieved.

10. The sharply divided character of the South was clearly shown during the War.

11. International solidarity was an outstanding feature of the Civil War.

12. Marxist component was present and played an honorable role in the War. Communists as Communists fought in the Union armies and Marxists had been part of the abolitionist movement.

13. The Civil War amendments were revolutionary acts and constituted important precedents.

14. The Civil War began as a counterrevolutionary attempt and ended as a revolutionary development.

Finally, the full potential of the revolutionary content in the War was aborted. It remains for our generation to complete that revolution.

On 2/15/61, [] who has furnished reliable information in the past, advised that concerning PEGGY DENNIS, ELIZABETH HALL (who apparently doesn't care for PEGGY DENNIS) said she hopes that GUS won't have her in his hair all the time. ELIZABETH replied that GUS is always too nice to everyone and the next thing finds himself trying to solve their marital, social and economic problems. HALL laughingly described himself as the "Dorothy Dix" of the CP and promised ELIZABETH that he wouldn't get too involved with PEGGY DENNIS.

On 2/16/61, [] advised that SYLVIA KOLKO told ELIZABETH HALL of her plans to travel abroad with her mother (ESTHER FOSTER) who, she said, isn't feeling too well. She said their plans are to leave NYC, 6/13/61, aboard the "SS Liberte" and from Paris, take a train to Moscow. SYLVIA commented that her mother isn't looking forward to the trip. A table had been set up at the back offering various pamphlets and books for sale. Handbills were available free which were issued by the 100 Days For Peace Committee. Petitions were available for signing; these petitions were to President KENNEDY asking that nuclear weapons not be given to NATO countries. The list of classes for the Spring Term of The New York School For Marxist Studies were also distributed free. Sitting on the stage were, in addition to Dr. DEL VAYO, HERBERT APTHEKER, Mr. GLICK (also of The New York School For Marxist Studies) and a young lady named ROSLYN (or ROSALIND) who entertained by playing a stringed instrument.

✓ After Dr. DEL VAYO's speech concerned with the present situations in Spain today and the fight against Facism in that country, Mr. GLICK introduced Dr. APTHEKER.

who outlined the position of the United States towards FRANCO Spain and quoted various reports and statements of recent history which were in the nature of warnings about FRANCO and showed how these statements et al, had gone unheeded.

✓ After his speech, Dr. APTHEKER took a collection and later announced that it had been very successful. He announced that \$50.00 were going to be disposed of in any manner determined by Dr. DEL VAYO.

After everyone had entered the auditorium at the start of the program, a short conference (about 15 minutes) was held by BETTY GANNETT with MARV. MARKMAN and MIKE STEIN in the corridor outside the room. Later, during Dr. DEL VAYO's talk MIKE STEIN motioned to NORMIE BERKOWITZ to step outside as Mr. STEIN wanted to speak to Mr. BERKOWITZ and Mr. STEIN could not stay after the program. About 15 minutes later Mr. BERKOWITZ reentered the room and whispered to GENE YOUNG who then left the room while Mr. BERKOWITZ stayed in the room. Mr. YOUNG also returned about 15 minutes later.

The program ended with a question period conducted by Mr. GLICK and the program was finished at about 11:00 P.M.

✓ Dr. HERBERT APTHEKER, as a Marxist, lectured on the Civil War Centennial, a recount of the past giving the Negro race and Marxist participation on the side of the Negro struggles as definite factors of the victory of such Civil War; that even now in this present era, Marxists are playing a decisive part in recognizing the Civil and human rights denied to American Negro citizens in the North and South; that until such rights are recognized, respected and observed in the United States of America, the Civil War is not ended; that patience lost and wrath aroused by all Negro peoples of the world as well as those in the U.S. could bring about a disastrous war of racism and hatred worse than the tragic Congolese war now taking place in Africa. Dr. APTHEKER continued to ridicule and deplore our United States radio, television and newspaper press for ignoring the climax and events pertaining to Negro History Week, 2/11 through 2/19/61; that our U.S. press chose to give more attention to "Ground Hog" day as a more important annual event. Dr. APTHEKER recounted 15 leading points which dealt with courage, bravery and struggle of the American Negro in winning the Civil War and what its meaning could be in today's meaning of the present; that pressure and demand that these Civil Rights of the Negroes be carried out by our Government leaders, particularly the President, must be continued without relent; APTHEKER said that even without consent or authorization from Congress, President KENNEDY (with just a mere stroke of his pen) could sign a directive to withhold all financial aid to all Southern states or any schools in the United States that refused to carry out complete desegregation in all public buildings, libraries, schools and public housing; urged forceful, continued demand and pressure as weapons of ultimate victory on such issues.

The meeting adjourned at 9:30 p.m.

✓ On 2/19/61, HERBERT APTHEKER spoke at a forum held in the Music Room of the Fine Arts Building, 410 South Michigan Avenue, Chicago, Illinois, at 7:30 p.m. and which forum was held under the auspices of the FPC. Admission was \$1.00 and approximately 135 people were in attendance. Literature was on sale by OTTO (LNU) of the Modern Book Store, who was assisted by a pock-marked fellow named PAUL who wore glasses. Among those in attendance were:

PAULA RYNGOLD
LEROY WOLINS
FLO HALL
BOB KOESTER
MARCIA STARR

JERRY GILBERT and his girl friend

CONNIE NEUHAUS
A Negro and his wife who figured in

DAVID (ENGLESTEIN) of the Marxist Social

MAC, an elderly Negro wearing glasses who
resides on the South Side.

APTHEKER was introduced by a Negro wearing a mustache (EARL DURHAM) and spoke on the Civil War and the large role of the Negro in that war. APTHEKER deplored the ignoring of the Negro's role in the Civil War Centennial celebration and coverage in the "New York Times" was sarcastically quoted. He gave his version of the war including: Negro soldiers' refusal to accept pay less than white soldiers, which finally resulted in their getting the same wage; LINCOLN's Emancipation Proclamation freed slaves in Northern as well as Southern states; confiscation of private property by the state which set a precedent for CASTRO; The use of Negro soldiers alongside whites was considered impossible but when it became essential to win the war, it was easily accomplished.

APTHEKER stated that LINCOLN's decision to hang a slave smuggler was one of his few acts of execution but was necessary to stop once and for all, all of the illicit slave traffic. He stated that the South was behind LINCOLN's

CG 100-18209

assassination and the assassination of the Vice President and Cabinet officials simultaneously, however, the latter failed. He stated that both big business and slave owners in both the North and South were in on the assassination plot.

A question and answer session followed APTHEKER's talk at which time PAULA RYNGOLD asked APTHEKER if he thought it necessary that all revolution be accomplished by violence. APTHEKER answered that although this had usually been the case in the past, the violence had always been initiated by the forces in power and not by the revolutionaries. He gave an example of the South in the Civil War and the British in the Revolutionary War. He stated that it seemed very possible that in the future the rightist forces might find that they did not have the means to produce the violence. Another question referred to LUMUMBA's murder and asked what effect it might have on the American Negro. APTHEKER answered that this would draw the Negro masses tighter together.

i The instructor of this class was HERBERT APTHEKER,
who introduced himself as director of the class. APTHEKER
announced that the lecture he was giving that night was
one of a series which was to be given for six consecutive
weeks and anyone interested in Marxism would be welcome to
attend. The title of the course is "Current Problems in
Marxist Theory".

In his lecture APTHEKER drew a parallel between
the seizure of the "SS Santa Maria" by a rebel group of
Portuguese citizens and the seizure of a Spanish ship in
the 1800's by a group of islanders from Cuba who were led by
a Negro. These islanders were suffering under the colonization
of Cuba by Spain. According to APTHEKER, the Spanish vessel
ultimately reached Long Island, NY, but nothing came of
the uprising of these Cubans. He praised the high moral
principles of the Negro leaders in this uprising and stated
that there were other examples in history of such high
morality.

He spoke of the American Civil War in which
many Confederate soldiers deserted to the Union Army because
they did not believe in slavery. He characterized segregation
as the filthy off-spring of slavery.

He added that the north fought against the south
in the American Civil War but neither side realized that they
were being exploited by England.

APTHEKER said this paragraph. The Marxist concept of freedom is the opposite of the bourgeois concept. APTHEKER asked the class to visualize the life of a slave before the Civil War. The slave was a piece of property, he could be bought and sold at the owner's wish, he needed permission to get married, 3 could not assemble together at one time, he could not read and write, he was worked as many hours as the master wished, he was not permitted to leave the grounds. Revolution is democratic, counter revolution not. For 150 years the British prime ministers either had their heads cut off, were exiled or were placed in the tower until Walpole. The Marxist concept of "Freedom" is organized not spontaneous like the bourgeois concept. An example of bourgeois freedom is a man in a boat in the middle of the ocean not knowing where he is or which way to turn. APTHEKER said that there will be no class next Monday, however the class will be held the following Monday.

The Bourgeois concept of freedom is "Absence from restraint". APTHEKER said this paragraph. The government should not interfere between the employer and the employee. APTHEKER related what happens in a coal mining operation. The employee and employer get together and freely agree on a wage of 3 dollars a day. The employees must not get together and organize, that is unfair and criminal. APTHEKER mentioned the book "Men at the Top"; in the book the writer asks one top executive about the men at the top. The executive answers that there is a difference between a work horse and a race horse, a race horse is born to race and a work horse is born to work; the same is true with the bosses and workers. The government is for the protection of private property according to the Bourgeoisie. "Let things alone" is what monopoly capitalism wants. APTHEKER said that he is a member of the National Committee of the Communist Party. The Communist Party declined in numbers from 80,000 to about 10,000 at the present time because of a number of reasons, including the Mr. K. revelations, the Hungary uprising, and many mistakes made by the CPUS.

An easy test of the validity of this position can be made. Ask one hundred white Americans to identify Robert E. Lee and no doubt all or nearly all of the one hundred would be able to do so. But ask the same one hundred Americans to ~~identify Frederick Douglass~~ to identify Frederick Douglass and if you get more than five to succeed I shall be most pleasantly surprised. Yet, by any test, in terms of character, mental capacity, and service to country and to mankind, it seems to me that there can be no real question but that Frederick Douglass completely overshadows Robert E. Lee. Is this not a form of mis-education and is not censorship a major element in this process of mis-education?

I would suggest that all our texts, in all fields, need careful re-examination and extensive revision with these considerations in mind; this need not result, necessarily, in exclusion, but it should result in explanations, where these may be appropriate, and in a much broader range of selection with the explicit purpose of combatting racism.

Very truly yours,

Herbert Aptheker

The Editor
N.Y. HERALD TRIBUNE

Dear Sir:

I write with reference to your editorial, dated December 29, 1960, "Keeping the Censors Out of the Schools." This editorial refers to the objections raised by the Torrington, Connecticut NAACP against certain anti-Negro writings of Edgar Allan Poe and Joel Chandler Harris which were included in a high-school English text. You express "sympathy" with "the feelings of colored children", but alarm lest such sympathy and the objections raised by the NAACP might result in censorship or even, as you write, "book-burning."

Your argument includes the position that "the 19th century is an historical fact" and that "slavery existed, and all that went with it, including a goodly body of literature." Hence, you desire all this--"historical fact" and body of literature[^] to be freely taught. May I call your attention to an assumption here which, when faced, undercuts your argument? Your assumption is that the "facts" concerning slavery and the whole body of literature are indeed freely and fully taught in our schools. But this assumption is false, and your battle against censorship quite belated.

There has in fact been ^{and there is} censorship, ~~and it is~~ ^{that} and this censorship operates to belaud the truth about slavery and to present in a very one-sided manner the "body of literature" produced in the 19th century. Efforts to eliminate racism do not represent censorship; they are part of the struggle against ^{that} censorship which has helped create and sustain the racism.

United Festival Committee

Attended 7th World Youth Festival in Austria, July 26-August 4, 1959, and subsequently travelled to the Soviet Union. Secured passport in April, 1959, and arrangements for tour in the USSR were made at the New York Festival office ahead of time. Prices for tour ranged from \$75 to \$90 for nine day tours which were of several types for different time periods but all involved travel in the Soviet Union. A group visa was arranged and entry was made at Kiev.

Prior/^{to} attending the World Festival in Vienna, the subject as well as LEN POTASH and wife, ESSIE and BARBARA WENGROFSKY spent several days in Rome.

Subject's passport was not out of her possession except for about 15 minutes in Moscow where JEAN HUBBARD, (has known about 3 years) on the last day of the tour in Moscow lost a portfolio containing her (HUBBARD's) passport and travellers checks. Subject accompanied HUBBARD to the American Embassy in Moscow where subject's passport was stamped and HUBBARD's travel problem was handled by Embassy personnel who were described by subject as being very accommodating.

Subject participated in meeting in fall of 1959 at a hall on Allerton Ave., Bronx. Claims no knowledge of group sponsorship of meeting which was held to discuss anti-semitism in Moscow. Claims she saw no anti-semitism while in Russia.

Dear Dr. Aptheker:

In the last few years, there has been a marked resurgence of student movements, most notable in the areas of civil rights and civil liberties. Many new student groups have been formed during this period. Some are ad hoc committees designed to handle specific issues. Others, like POLIT, are formed out of splits in existing organizations over the policy towards these new political movements.

Until January 29, the two major parties at the University of Chicago were the Independent Student League and the Student Representative Party. The leadership of both parties worked together in Student Government to advance a liberal program in both on campus and off campus activities. However, within ISL, the majority party, a strong conflict arose over the role that ISL should play in relation to the student and the world community. Unable to resolve this conflict within ISL, a majority of the leadership "bolted", and uniting with representatives of SRP and several political independents, formed a new political party, POLIT, on January 29. POLIT, with six members on the Executive Council, has a controlling majority, and with the single greatest block of votes in the Student Assembly, is now the major student political party at the University of Chicago.

At the organizational meeting of POLIT, seven executive offices were established among which was a department of education. One of the important functions of this department is to bring speakers on campus who can offer stimulating and provocative material for discussion and consideration. We have been informed that you will be in Chicago on the weekend of February 18. POLIT would be honored to sponsor your lecture on the American Civil War at that time. We understand that your available time is Sunday afternoon. As far as drawing a larger audience Sunday evening is preferable, but if you find this time entirely inconvenient, 4 o'clock Sunday afternoon would probably be the next best time.

POLIT would appreciate a short biography and any suggestions for publicity you might wish to make. At the writing of this letter, our treasury is nonexistent, and it would be appreciated, if, in the answering of this letter, you would take this factor into consideration. A self-addressed stamped envelope is enclosed for your convenience. Thank you.

Sincerely,

Jesse Auerbach

Enclosed herewith is a letter dated 1/31/61, to "Dr. HERBERT APTHEKER" from "JOSE AUERBACH."

APTHEKER is the Editor of "Political Affairs".

POLITICAL AFFAIRS

The April, 1960 issue of "Political Affairs" identified itself as "A Theoretical and Political Magazine of Scientific Socialism."

While under direct examination as a defense witness in the United States versus ELIZABETH GURLEY FLYNN, ET AL, Criminal Docket C 136-7, United States District Court for the Southern District of New York, on October 20, 1952, ELIZABETH GURLEY FLYNN testified that "Political Affairs" is the theoretical organ of the Communist Party of the United States and has been so since the magazine was "set up" in 1945.

"The Worker", an East Coast Communist weekly newspaper, in its issue dated January 3, 1960, identified ELIZABETH GURLEY FLYNN as a Vice Chairman of the Communist Party of the United States.

This letter is being forwarded for information purposes only.

ALBERTSON, WILLIAM

ALBERTSON is a member of the NC, representing the NY District. At a meeting of the NY District CP Board, 2/2/61, ALBERTSON was elected Chairman of the Youth Commission by a vote of six in favor, five opposed. In addition, ALBERTSON holds the position of Chairman of the Food Club of the Industrial Division of the NY State CP.

✓ APTHEKER, HERBERT

APTHEKER is an at large member of the NC. In addition, he has been made Director of the NY School for Marxist Studies, 853 Broadway, NYC. He continues to be concerned with the publication of "Political Affairs". GUS HALL recently mentioned that it appears that APTHEKER was using his position on "Political Affairs" for his own advancement, and that the material of others that he was putting in that publication was very sloppy. HALL also placed the responsibility for the delayed publication of "Political Affairs" on APTHEKER. In view of this, HALL stated that he is considering replacing APTHEKER with JAMES ALLEN on the staff of this publication.

At the February meeting of the NY District CP Board, APTHEKER was elected a member of the Youth Commission of the NY CP District and named to the Special Organizational Commission of the District.

AUERBACH, SOLOMON

AUERBACH is an at large member of the NC who is commonly known as JAMES ALLEN.

ALLEN is currently on an extended trip abroad. It is noted that GUS HALL has expressed a question as to the manner in which ALLEN has been able to afford to

NY 100-133884

travel extensively, not only to the Soviet Union, Czechoslovakia, Poland and Hungary, but to countries outside the Soviet bloc. HALL has indicated that ALLEN would have to take care of his own expenditures in countries outside the Soviet bloc, and "wondered" how he could afford this.

BART, PHILIP

BART is an at large member of the NC and continues to hold the title of National Organization Secretary. BART is reportedly a member of the Latin-American Commission and Special Organizational Commission of the NY CP District. In addition, he has been assigned, together with JACK STACHEL and BETTY GANNETT to the task of arranging for a skeleton underground operation. He continues to be most active in the day to day operation of the CP, USA National Office.

BERT, ERIK

BERT is an at large member of the NC and continues to function as Managing Editor of "The Worker".

During February, 1961, the source advised that BERT has been invited to attend a meeting in Leipzig, Germany, on 3/20 and 21/61. According to this source, BERT will probably proceed to Moscow following the conclusion of the Leipzig meeting. The source further reported that it has been indicated that BERT's wife will accompany him.

COLON, JESUS

COLON is an at large member of the NC and continues to write a regular weekly column for "The Worker". In addition, from time to time COLON instructs classes at the NY School of Marxist Study.

NY 100-133884

CRENOVICH, MICHAEL AARON

CRENOVICH is a member of the NC, representing the NY District. He reportedly is a member of the Latin-American Commission of the NY CP District. CRENOVICH attends meetings of the NY District CP Board and is active in the Industrial Division of the CP.

DAVIS, BENJAMIN J., JR.

DAVIS is an at large member of the NC and holds the position of CP, USA National Secretary. Recently PHILIP BART has been critical of DAVIS, stating that DAVIS only comes to the National Office twice a week, on Wednesday for the Secretariat meeting and on Thursdays to get his pay.

During the afternoon of 2/15/61, DAVIS appeared in a picket line demonstration outside the UN protesting LUMUMBA's death. DAVIS was interviewed by the press and was led from the demonstration by the police. In discussing this incident, DAVIS said that he had appeared in the picket line, which line he mistakenly believed to be of some "progressive forces", but in reality was composed of Negro nationalists from Harlem. DAVIS received considerable notoriety as a result of this incident and in some quarters was criticised for his participation with these Negro nationalists.

EDELMAN, MILDRED MC ADOREY

EDELMAN is an at large member of the NC and member of Harlem Regional Committee of the CP. At a meeting of the NY District CP Board held 2/2/61, she was proposed as a member of the Negro Commission of the NY District. In addition, there was a question as to whether EDELMAN or PAUL ROBESON, JR., would be made a member of the Youth Commission of the District. CLARENCE HATHAWAY has indicated a preference for EDELMAN.

NY 100-133884

FLYNN, ELIZABETH GURLEY

FLYNN is an at large member of the NC and holds the title of Vice-Chairman of the CP, USA. It is noted that at a meeting of the NEC held 3/9/61, a recommendation was posed that ELIZABETH GURLEY FLYNN be named National Chairman. The NEC members approved and it was indicated that this recommendation was to be submitted to NC members not present, recommending response by 3/13/61.

FLYNN gave the principle address at a mid-west meeting celebrating the 37th anniversary of "The Worker" held on 1/27/61. She described her eight month trip through the Socialist countries in Europe stating she had visited five countries. FLYNN was poetic in her description of the new cities which had been built since Communism took over. In her conclusion, FLYNN said she hoped everyone present would join her in the fight to convert this country to Communism.

On 3/3/61, FLYNN was one of the speakers at a rally held in Carnegie Hall to celebrate the 37th anniversary of "The Worker", as well as the 80th birthday of WILLIAM Z. FOSTER.

FLYNN is scheduled to be a main speaker at a similar celebration to be held 3/10/61, in Philadelphia. On 3/11/61, she will attend a meeting in Lower Bucks County. In addition, she has made plans to attend a meeting in New Jersey on 3/12/61.

FLYNN recently has indicated that she has nothing but contempt for ARNOLD JOHNSON and indicated it is her belief that he has "wrecked the peace movement". FLYNN has stated that JOHNSON should be put someplace where he can't do the party any harm.

FLYNN has also been critical of MIRIAM FRIEDLANDER, stating FRIEDLANDER has been a failure in previous jobs she has been given and would not like to see her get the "defense assignment".

NY 100-133884

Recently FLYNN has commented on MIMI FRIEDLANDER's abilities to do a defense job. FLYNN stated that FRIEDLANDER has been a failure in every job the party has given her.

FRIEDLANDER, MIRIAM

FRIEDLANDER is a member of the NC, representing the NY District and continues to hold the title of Bronx County Organizer. FRIEDLANDER regularly attends meetings of the NY District CP Board. She was recently criticized for going to the Civil Liberties Union and the Emergency Defense Committee and telling them that she was now in charge of "The defense job", even before she had been given this assignment. Prior to this, ARNOLD JOHNSON had contacted these organizations for many years and there was suspicion by the personnel of these organizations of FRIEDLANDER.

It is noted under the write-up of FLYNN, FRIEDLANDER has been criticized as a failure in previous jobs she has been given. It would appear there is some serious doubt as to whether she will be given the defense assignment.

GERSON, SIMON

GERSON is an at large member of the NC. He reportedly has been made a member of the Political Action and Legislative Commission of the NY CP District. GERSON continues to be active in his employment with Afton Tours.

HALL, GUS

HALL is an at large member of the NC and holds the title of General Secretary of the CP, USA. HALL continues to be most active in all phases of CP activity on a national level. Recently HALL indicated that if he is to be "Boss", he must also control all Party funds. HALL said that he realizes that he can have collective leadership, but can't, as the leader of the Party, be

NY 100-133884

friends with everyone. He, however, is of the opinion that all individuals in the national leadership of the CP, USA, with the exception of BEN DAVIS, are on his side.

HATHAWAY, CLARENCE

HATHAWAY is an at large member of the NC and Chairman of the NY CP District. He was hospitalized from 2/17/61 to 3/4/61, as a result of an asthmatic attack. He is currently recuperating at home.

In addition to previous assignments reported, he is a member of the Peace Commission, the Trade Union Commission and the Political Action and Legislation Commission of the NY CP District.

JACKSON, JAMES E.

JACKSON is an at large member of the NC and holds the title of National Secretary for the South. In addition, he holds the position of Editor of "The Worker".

JACKSON recently has been involved in the organization of the various celebrations for the 37th anniversary of "The Worker".

The "New York Times", on 2/12/61, reportedly carried an article dealing with an article of JAMES JACKSON which appeared in the February, 1961, issue of "World Marxist Review" on the topic of the US and the world crisis. The "New York Times" article appeared under the title, "US Red Favors Shift in Marxism". In this "New York Times" article, it was pointed out that there appeared in the February issue of the "World Marxist Review", three articles, one by JACKSON, one by NIKITA KHRUSHCHEV and one by GHEORGHE GHEORGHIU-dej, First Secretary of the Rumanian Workers Party. As a result of this "New York

NY 100-133884

Times" article, quite a furor has been caused in the ranks of the CP, USA. At a CP meeting recently held in Brooklyn, NY, a number of questions on this article were directed to ELIZABETH GURLEY FLYNN. FLYNN, at this time, indicated she had no comment and would have none until she read the entire article in the "World Marxist Review". FLYNN has indicated that she feels that the two paragraphs quoted by the "New York Times" as contained in JACKSON's article in the "World Marxist Review" are quite disturbing and amazing. JACKSON, in early February, 1961, has admitted that his statements could be misconstrued; that in translating this article there were some slight mistranslations and a phrase was left out. However, JACKSON felt that even with this phrase in it would not make much difference, perhaps it would not seem as bad as it was. JACKSON has been advised to send a note of correction to "World Marxist Review". It is felt that this article might be used by JACKSON's enemies in the CP, such as BEN DAVIS, to cause him embarrassment.

JOHNSON, ARNOLD

JOHNSON is an at large member of the NC and is reportedly a member of the Peace Commission of the NY CP District.

JOHNSON was in attendance at the last meeting of the NC held 1/20 - 22/61, at which he gave a report which dealt with civil liberties and the necessity of working for peace.

LUMER, HYMAN

LUMER is an at large member of the NC and holds the title of National Education Secretary.

On 2/20/61; the US Supreme Court denied certiorari in LUMER's case under the Labor Management Relations Act of 1947. On 2/22/61, LUMER stated that he will have at

NY 100-133884

least another 30 nights before going back to jail. He indicated that he is trying to get an extension because of his wife's illness. LUMER said that he has gotten some type of statement from the Government to the effect that they would not move in immediately for enforcement.

O'DELL, HUNTER PITTS

O'DELL is a member of the NC representing the South. He was elected at the National Convention under the name CORNELIUS JAMES. O'DELL was in attendance on 2/17 and 18/61, at a Workshop on Race Bias in Trade Unions and Government conducted by the "Negro American Labor Council in Washington, D.C. Approximately 1,500 people were in attendance at this function.

O'DELL continues to avoid going to CP headquarters and has not taken part in any open CP activity. He is working on behalf of MARTIN LUTHER KING at 312 W. 125th St., NYC. This is the address of the Committee to Defend Martin Luther King and the Southern Christian Leadership Conference, which conference is headed by MARTIN LUTHER KING.

PATTERSON, WILLIAM L.

PATTERSON is an at large member of the NC and holds a position of Vice-Chairman of the NY District. In addition, he is a member of the Special Organizational Commission and the Negro Commission of the NY CP District and a member of the National Negro Commission of the CP, USA. He regularly attends meetings of the National Leadership as well as meetings of the NY District CP Board.

ELIZABETH GURLEY FLYNN has commented that recently PATTERSON had written a resolution on the Negro question which was so amateurish and stupid that everyone rejected it.

NY 100-133884

POTASH, IRGING

POTASH is an at large member of the NC and holds a position of Labor Secretary of the CP, USA. He continues to attend secretariat meetings and recently outlined a program dealing with the current unemployment problem. In this program, POTASH called for the following:

1 - An all-out national crusade for a 30 hour week with 40 hours pay.

2 - A uniform federal system of unemployment compensation covering all workers.

POTASH's status with INS remains unchanged. He continues under order of supervision awaiting deportation.

ROBESON, PAUL JR.

ROBESON is a member of the NC representing the NY District. ROBESON attends meetings of the Harlem CP Regional Committee and it was recently indicated that ROBESON will be the organizer of the Lower 13th Assembly District Club of the CP. It was announced at a meeting of the NY District CP Board, held 2/2/61, that BILL ALBERTSON will discuss with ROBESON the possibility of his membership on the Youth Commission of the NY District. After this discussion, if ALBERTSON or CLARENCE HATHAWAY, Chairman of the District, have no objection, ROBESON will be made a member of this Youth Commission.

ROSENBLUTH, NAT

ROSENBLUTH is a member of the NC, representing the NY District. Recently, a biographical sketch of ROSENBLUTH was obtained. Therein it was indicated that

NY 100-133884

ROSENBLUTH is a member of the ILGWU and that his occupation is "cutter - ladies' suite". Therein it is indicated ROSENBLUTH is a member of the Craft Club as well as a member of the SANE. It is noted that ROSENBLUTH is Chairman of the garment region of the CP.

At a meeting of the NY District CP staff, held 1/17/61, it was decided by CLARENCE HATHAWAY that ROSENBLUTH's name would be tentatively added to the Trade Union Commission of the District. He was not definitely made a member of this commission because of his general inactivity in relation to the previously instituted trade union committee.

RUBIN, MORTIMER DANIEL

RUBIN is an at large member of the CP, representing youth and holds the position of CP, USA National Youth Secretary.

Recently RUBIN has been in poor health as a result of the possible recurrence of a tubercular condition. His principle activity is in connection with the publication "New Horizon For Youth".

STACHEL, JACOB

STACHEL is an at large member of the NC and Chairman of the National Groups Commission of the CP, USA. In addition, it has been reported that together with PHILIP BART and BETTY GANNETT, STACHEL has been given the assignment of arranging for a skeleton underground operation in the event of adverse court decisions against the CP.

NY 100-133884

TORMEY, BETTY GANNETT

TORMEY is a member of the NC representing the NY District. In addition, she is a member of the full time staff of the NY State CP and holds the title of Organizer and Educational Director of the District. According to the Spring Term, 1961, Catalogue, 3/6/61 through 5/5/61, under "The New York School For Marxist Studies", TORMEY was listed as the instructor in the course, "Introduction to Marxism" at SCOPE classes to be held Friday at 7:00 PM to 8:30 PM, beginning 3/10/61.

In addition to the above assignment, TORMEY has been assigned, along with PHILIP BART and JACK STACHEL, with the task of arranging for a skeleton underground operation to be utilized in the event of adverse court decisions affecting the CP.

TORMEY has indicated she will give her major attention to coordinating the work of the clubs; training all club officers and in addition, paying some attention to agitational work.

TORMEY, JAMES

TORMEY is a member of the NC, representing the NY District. In addition, he holds the position of Kings County CP Organizer. In the reorganization of the district, he was dropped from the state payroll, and is looking for employment. TORMEY was recently made a member of the Special Organization Commission and the Negro Commission of the NY CP District.

WEINSTOCK, LOUIS

WEINSTOCK is a member of the NC, representing the NY District and holds the position of General Manager of "The Worker".

NY 100-133884

In late January, 1961, it was learned that LOUIS WEINSTOCK had completed the necessary arrangements and can now handle for the CP, USA, any more messages which must be transmitted to the Hungarian Socialist Workers Party. WEINSTOCK has contemplated an extended tour to Miami, Fla., the West Coast and other parts of the US to raise funds for the establishment of a daily Marxist newspaper.

WEINSTONE, WILLIAM

WEINSTONE was elected a member of the NC at a meeting of that body, held in NYC, 1/20-22/61.

It has been previously reported that the CP, USA, was considering sending WEINSTONE to Prague for a period of one year as the CP, USA representative on the staff of "World Marxist Review". Recently, however, GUS HALL has said that WEINSTONE will not be considered further for this assignment. Instead, WEINSTONE will replace HY LUMER as National Educational Director of the CP, USA, whose replacement has been necessitated by the recent ruling which may require that LUMER go to prison in the near future.

ReBulet, dated 2/24/61.

Relet instructed the NYO to monitor a regularly scheduled broadcast by HERBERT APTHEKER over FM Radio Station WBAI, NYC.

By letter dated 3/3/61, the NYO reported APTHEKER's broadcast of 2/28/61.

By letter dated 3/6/61, the NYO reported that APTHEKER may have been scheduled to deliver only the broadcast of 2/28/61.

As instructed by the Bureau, the NYO continued to monitor the program. Neither on March 7 nor on March 14, 1961, did APTHEKER appear on the program.

In view of these circumstances, it would appear that the broadcast of 2/28/61, was the only one on which APTHEKER was scheduled to appear.

In the light of the above, NYO will discontinue monitoring this program.

Re: Herbert Eugene Aptheker

On March 9, 1961, Mr. Joseph Callahan, Passport Agency, United States State Department, 630 Fifth Avenue, New York City, made available Aptheker's application for renewal of his passport number 12,3181, issued December 10, 1958. The application was dated March 6, 1961, and reflects his home address as 32 Ludlow Place, Brooklyn, New York, and his wife, Fay Aptheker, as the person to be notified in case of emergency.

According to Callahan, Aptheker intends to depart New York City via KLM Airlines on an unspecified date in April, 1961, for a month-long pleasure and education trip to England, France and Italy, and he expects to take another trip within one year.

On December 14, 1959, a Confidential Source, who has furnished reliable information in the past, advised that Herbert Aptheker was elected to the National Committee of the Communist Party, United States of America (CPUSA) at its 17th National Convention held in New York City from December 10 to 13, 1959.

The CPUSA has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

[redacted] the attendance at the funeral that day with everyone agreeing that the attendance was as good as could be expected in view of the weather. b7D

[redacted] then made the observation that not many Negroes were in attendance but said he saw no more than about 50. [redacted] was entirely correct and that this pointed out what was happening to the CP with regard to the Negro membership. b7D

[redacted] that he should emphasize this point at the meeting the next day. [redacted] agreed and asked if there was anything else. b7D

[redacted] said that he was becoming more and more dissatisfied with CLAUDE LIGHTFOOT and noticed that LIGHTFOOT had been about a half an hour late in attending the funeral and had made a spectacle of himself in trying to find a chair on the platform while someone was talking. b7D

1. BELLA ALTSHULER
2. DORA SINGER
3. SHELTON MADDOX - acting chairman for the meeting
4. MEYER BELLIT

10. RALPH SANTO(s)
11. BERTHA ZULTY
12. HELEN FELMAN
13. WANDA HARTUNG
14. SADIE AUGENSICHT

Both CHARLEY and BELLA reported the past activities of the New York Council to Abolish the House Un-American Activities Committee (NYCAHUAC). BELLA urged for closer BCLC support of the NYCAHUAC). MEYER BELLIT moved and motion was unanimously carried that the BCLC support the purposes and programs of the NYCAHUAC).

BELLA reported that HENRY WINSTON's mother went with her and CHARLEY to Rev. ELDER G. HAWKINS' church and Rev. HAWKINS was very sympathetic. Rev. HAWKINS, she said, promised to visit HENRY WINSTON in prison and to write various people in political life concerning the WINSTON story.

NY 100-118525

BELLA suggested a meeting in February at the Allerton Center to be called to discuss the Un-American Committee.

SHELTON suggested something for Negro History Week. CHARLEY supported SHELTON's position and urged the BCLC to have instead of the Un-American topic something significant on the Negro.

It was unanimously agreed after some opposition to have something on Negro History Week.

✓ Source advised that this meeting was a Civil
War Centennial meeting and the featured speaker was Dr.
HERBERT APTHEKER. APTHEKER covered the part the Negro
played in the Civil War and gave facts as to how President
LINCOLN eventually came to freeing the slaves. APTHEKER
referred to the 13th Amendment to the Constitution and
compared the United States Government's seizing buildings
and properties in the South as to what is now going on in
Cuba. APTHEKER mentioned that under socialism, there
would be experienced equality of all people as well as
an economy that would not be subject to the "boom or bust"
cycles, which was in contrast to these things experienced
under the imperialist system.

A question and answer period was held and the
point raised that if Negroes would boycott certain products
of the "Jim Crow" manufacturers, they would have a "power
bloc" composed of 20 million Negroes.

Approximately 75 persons attended this lecture
and recognized present, in addition to those mentioned
above, were LE ROY WOLINS, BERT GROSS and Mrs. ROBERT BASKER.

A meeting of the Bronx Civil Liberties Committee was held this evening in the home of MEYER BELLIT, [REDACTED]

[REDACTED] Meeting could not be held at the home of BELLA ALTSHULER due to apartment being painted.

b6
b7C

Report on the reception to Mrs. WINSTON (mother of HENRY WINSTON) was rendered, how well she was received at the Hotel Theresa last Saturday and also at church last Sunday, where the Reverend HAWKINS of the Presbyterian Church promised Mrs. WINSTON that he would personally visit HENRY WINSTON in prison.

A lengthy report and discussion took place where all efforts are to be made to abolish the Congressional Committees on Un-American, much stress is to be made to get behind Congressman ROOSEVELT to abolish said committee and about one thousand copies of ROOSEVELT's letter of December 31, 1960 to all Congressmen is to be mailed to people from the roster of BELLA ALTSHULER.

CHARLES FITZPATRICK reported on a new Council which was created last October on the abolishment of the Un-American Activities Committee; this Council has just opened headquarters in the vicinity of Macy's at 34th St. and they are asking financial backing on a set quota; a protest was raised by RALPH SANTO that no backing be given this organization, that we have our own organization and that they should come to us for advise, after arguments that lasted over an hour, it was decided that the Bronx Committee for Civil Liberties will work with them only by moral support.

✓ Mr. ABE UNGER, an attorney will address the next meeting which will be held at the Cultural Club on January 27th, with future meetings to have Mr. UPHAUS and Mr. APTEKE. The following were present this day:

NY 100-118525

BELLA ALTSHULER, CHARLES FITZPATRICK, HELEN FELMAN, MEYER BELLIT, JEANETTE ROSENBERG, REBECCA GUREWITZ, RALPH SANTO, BERTHA LOBEL, WENDY HARTUNG, DORA SINGER, REBECCA MINDEL, Mr. SHELTON (colored) a very active couple in their fifties, names unknown who live somewhere in the forty-six hundred numbers of Park Ave. in the Bronx with a very difficult last name, also Mrs. DORA FRIEDKISS? and a new name to be inserted in the place of GEORGE BELL, retired postal worker from Brooklyn; it was finally established on authentic paper observed that he is really Mr. HAROLD BLYER, one who knows all the personalities in the Communist World and attended Communist school with them here and probably abroad.

A SIGN WAS PLACED ON BULLETIN BOARD OF 2700 BRONX PARK EAST TODAY ANNOUNCING A MEETING TO HEAR ELIZABETH FLYNN AT THE ALLERTON COMMUNITY CENTER TUESDAY JANUARY 24, 1961. It does not state who is sponsoring same and nothing was said at meeting this evening. It is supposed that BELLA HALEBSKY and probably SAM NESIN is behind this one.

On January 23, 1961, the second of a series of lectures on Current Problems on Marxist Theory was held at the New York School for Marxist Studies, 853 Broadway, New York, N.Y. on the 18th floor at 8:30 p.m.

✓ Mr. HERBERT APTHEKER was the instructor. He stated religion is an instrument of the ruling class. When it is used the masses may read differently from the way the ruling class intended. The masses may take over religion as a legal means of fighting the ruling class.

Accept your status because it was given to you by God, therefore, it is the will of Him, and you shall be ever lighted in the hereafter. (Mr. APTHEKER said this was told to slaves in the early years so they would obey their masters. It was delivered by ministers paid by the land owners at sermons to the slaves.)

The class then started to discuss nationalism. He stated it started to appear at the end of feudalism. Instead of land wealth, capitalism believed in merchantile wealth.

Approximately 18 people attended this class.

✓ Mr. HERBERT APTHEKER was the lecturer. The first lecture dealt with religion.

He stated that there were two sources of religion:

1. Of wonder, fear and that of not knowing
2. Class division

He also stated that religion is the peoples opium, religion is the sign of the oppressed, religion is the relief from the cruel world, religion is the protest from the mass, and religion is an institution of the working class to maintain order.

The lecture lasted about 1 3/4 hours and there were about 10 people present.

✓ Mr. HERBERT APTHEKER was the lecturer and we continued on the lecture of nationalism. He stated that one of the amendments granted certain powers to the government to acquire property if it needed it and paid a fair price for it. However, there was another amendment that prohibited the people from bringing suit against the government in case the price paid was not fair. He then went on to discuss political parties and the disadvantages of our system. He mentioned that GEORGE WASHINGTON predicted there would be more than one party in this country and then there would be complications.

There were about forty persons attending this session.

✓ The instructor was HERBERT APTHEKER. The topic under discussion was, "revolution." The instructor stated the basic source of a revolution is the contradiction of the system, internal antagonism. Those in office, unhappy with the system are advocating a reform. With the help of the outside pressures, that is, those not of the ruling class, you have the beginning of a revolution. A revolution is not a moment, it is a process, method in which a change comes about.

Report of a regular meeting of the Bronx Committee for Civil Liberties (BCLC) at the Bronx Cultural Club, 1752 Boston Road, Bronx, New York, on Friday evening, 1/27/61.

The following were some of the 25 people present:

1. BELLA ALTSHULER
2. RALPH SANTO (s)
3. SOL FELLER
4. CHARLEY FITZPATRICK - acting chairman for the meeting
5. SADIE AUGENSICHT
6. HELEN FELMAN
7. WANDA HARTUNG
8. BEA LOWENTHAL
9. DORA FRIEDKAS
10. Mrs. FNU Sp-ease (sounds like)
11. BEN CHASANOW
12. HELEN FRANKEL (formerly HELEN BLOCK)
13. Mr. FNU FRANKEL
14. ABE UNGER - guest speaker

ABE spoke on the recent elections and the coming Congress in the United States.

ABE viewed the present political situation in the United States and the role of the present administration as a crusade for rehabilitating capitalism. The people, he said, must not yield, must make no concessions as far as their economic and political freedoms are affected. If the people yield, ABE told his audience, the resistance that they will later find to their desires for economic and political progress will be very sharp.

ABE stated that President KENNEDY was not the candidate strongly supported by the Catholic Church. The Catholic Church, he stated, would have liked a stronger candidate.

NY 100-118525

ABE told his audience that he did not see the immediate disappearance of the House and Senate Un-American Committees, but, he stated, the people must continually work for the abolition of these committees.

After ABE's talk, the regular business meeting was held.

BELLA urged a new campaign for the freedom of HENRY WINSTON. She also reported on HENRY WINSTON's mother's recent visit to New York. BELLA also called for proposals for the WINSTON campaign.

There was much criticism of the role of the Harlem Committee and of WINSTON's mother in the WINSTON campaign.

CHARLEY reminded those participating in the discussion that the BCLC cannot dictate to others what must be done in the WINSTON campaign. It is a nationwide struggle, he said, and the BCLC is only one of the participants. The BCLC, he stated, can only ask others to work for the freedom of WINSTON. BELLA supported CHARLEY's position on this question.

BELLA stated that it was time for an open letter to be sent to President KENNEDY on behalf of HENRY WINSTON. Her proposal received unanimous support.

✓ The BCLC Brotherhood Week program at the Allerton Center on Tuesday, 2/21/61 was announced with HERBERT APTHEKER as guest speaker. Tickets for that affair were sold at the meeting. BELLA stated that 35 tickets were distributed to the Youth Committee. It is felt that BELLA stated that the Youth Committee she mentioned was the one recently founded in Chicago, Illinois.

Meeting held in the Fine Arts Building, 410 South Michigan Avenue in the Music Room at 7:30 P.M., Sunday, February 19, 1961. It was sponsored by the Freedom of Press Committee.

Speaker: HERBERT APTEHEER

The Chairman who introduced Mr. APTEHEER appeared to be around 6 feet tall and thin. He had short, rather fuzzy hair combed straight back with a somewhat irregular hair line on the forehead. The hair was not receding. He wore a full mustache and had small, close-to-the-head ears. His nose was broad but of the hooked variety. It was not a snub-nose. He wore a cocoa-brown gabardine suit. He probably would be considered a nice looking man. He is negro.

Mr. APTEHEER said it was the beginning of National Negro History week and that a New York newspaper did not find the time or space to mention it in the calender of events for the month of February. But that Ground Hog day and several equally unimportant events had been noted.

His talk was based around the events of the Civil War and he probably was paralleling certain features to our times.

Mr. PATHEKER said he had made a list of 15 lessons learned from studying the Civil War. He invited anyone who wished to do so to write them down.

1. The real threat to our republic lies in reactionary moves.
2. The basic defenders are the fundamental builders - both Negro and White.
3. The oppression of the Negro people is a matter of history.
4. Racism has been destructive ---?
5. The contributions in the war by Negroes were decisive in the victory.
6. Policies of compromise are disastrous.
7. Negro-White unity was needed to win the war.
8. Decisive governmental acts are needed where fighting against Negro oppression is concerned. Not words - acts.
9. The first aim in the war was to save the country then joined by the second which was to free the slaves.
10. The divided character of the South was clearly shown in the war. Most of the Southern Whites hated secession.
11. International solidarity was an outstanding feature of our Civil War.
12. The Marxist component was present in the Civil War. Marxism had been part of the abolitionist move.
13. The Civil War amendment constitutes revolution.
14. The Civil War began as counter-revolution and ended as a revolution.
15. The full potential of the revolutionary content in the Civil War was abated.

There were perhaps 75 people at the meeting. It appeared that the majority were foreign-born. The meeting lasted for at least two hours.

CG 100-13209

There was a man at the meeting whose picture will be used for something by the American Friends Service Committee. He is a teacher and has African students who were not able to attend the meeting. They call him often and are alerted for a meeting at any time.

The source furnished a pamphlet entitled, "Freedom in History" by APTHEKER. This pamphlet is being sent as an enclosure to New York, Office of Origin, for APTHEKER.

✓ On 2/10/61, the New York School for Marxist Studies held a program in the Winter Garden at the Sheraton-Atlantic Hotel, Broadway and 34th Street, NYC. Attendance was by engraved invitation only. HERBERT APTHEKER, the director of the New York School, announced that about 300 persons were in attendance. The Garden was quite full and this figure is believed to be about accurate. APTHEKER stated that he was quite gratified by the attendance, especially in consideration of the fact that the affair had not been advertised.

The speaker was introduced as Dr. JULIO ALVAREZ DEL VAYO, former Foreign Minister of the Spanish Republic from 1936-1939. He claimed to be an accredited correspondent to the United Nations representing one or more publications, one of which was a newspaper in York, Pennsylvania. It is also possible that he might represent a Cuban newspaper.

Dr. DEL VAYO's topic was "Current developments in Spain".

Early in his remarks he stated that he was not a Citizen of the US and therefore was not in a position to criticize the Government; however, he then proceeded to engage in various criticisms of the American policies towards the present day Spanish Government. He stated that Franco's Government would have failed, if the US had not extended economic assistance to Spain in 1959. He indicated that just prior to that time Franco was in serious economic trouble and a crisis would have developed which might have lead to the end of his dictatorship.

Dr. DEL VAYO stated that the fascist states of Germany and Italy had put the fascist Government of Franco into power and indicated, by insinuation that the US had taken over this heritage.

NY 100-142782

DEL VAYO stated that he had "recently" visited Spain, although he did not specify a date. He stated he could not name the exact place of his entry into Spain, except that it had been over the French border. He claimed to have visited with friends while in Spain. He told the story that he had been checked by a Spanish Police Officer and that he had successfully evaded arrest by claiming to be an American tourist, who had misplaced his papers. The place of this incident was not specified. He mentioned that he was considered stateless with papers obtained from the French Government. DEL VAYO stated that not withstanding the foreign policies which buttress FRANCO's power, there was encouragement for the forces opposing the dictator.

He indicated that progressive forces within Spain were increasing. He said that during recent elections the "Marxist" movement was able to place some of their people into "minor positions" within the labor union movement. He stated that things had progressed to the point where the nephew of a high Spanish official (possibly a Spanish Falagist general) was active in a Spanish underground Marxist youth movement that referred to itself as the "dishwashers". It is possible that this term may have reference to the fact that some of these youths are employed as dishwashers. He also indicated that some were university students.

DEL VAYO claimed that he had excellent sources of information within the Spanish Government reaching to the Spanish Cabinet. He mentioned that the recent letter campaign against FRANCO calling for the release of political prisoners had brought pressure on the dictator and that he was worried by world public opinion.

DEL VAYO stated that another encouraging example was that he had been approached by students living in Spain wanting to establish contact with him and wanting to help him. He said he told them that he had to be careful as FRANCO's Police were everywhere.

NY 100-142782

Among other things mentioned by DEL VAYO was that he had visited China, without the benefit of passport. No date for this visit was mentioned. He stated that he was well received. He also mentioned that there was close cooperation between the Spanish Government in exile and Portugese fighting against dictator SALAZAR and cited the Santa Maria incident as an example of this cooperation.

✓ HERBERT APTHEKER, was the next speaker. He very early stated that he was a citizen of the United States and not bound by the same limitations as Dr. DEL VAYO. By comparison to DEL VAYO's speech, APTHEKER engaged in what would be considered a tirade against current US policies toward Spain. He denounced the US backing of dictator FRANCO. He spoke unfavorably regarding the various US ambassadors assigned to Spain. He spoke of their arrogant manner in supporting FRANCO creating for the US resentment from the Spanish people. He described the Civil War in Spain as the beginning of World War II and stated that until Spain was liberated this war had not ended. He urged that a campaign of letter writing to the US President and other high officials begin, urging the Government to stop their financial support of the Spanish dictatorship.

APTHEKER then devoted some time to the discussion of the New York School of Marxist Studies. He identified himself as the director of the school, but quickly pointed out that the school was collectively run by a board or committee. He said the school was in its 3rd term and had gained many friends. He said that the school had been formerly organized at the home of Dr. W. E. DU BOIS, about a year ago. He then proceeded to read a letter from DU BOIS congratulating the school on its success. APTHEKER invited those present to join this school. This affair took place between 8:45 PM and 10:30 PM and ended with the approval of a resolution demanding that FRANCO release all political prisoners being held by his Government. In attendance, in addition to those mentioned above, were the following individuals:

✓ Meeting 2/21/61 at Allerton Community Center at 8:00 P.M.
Admission \$.50. Guest Speaker HERB APTHEKER.

Mr. APTHEKER spoke on the Civil War. He compared various phases of the Civil War and compared the land grabbing of the U.S. said that when CASTRO came into power he was criticized for confiscating the property in Cuba, and he (APTHEKER) wondered how the U.S. could criticize CASTRO when during the Civil War -- or rather after the Civil War -- The United States government seized control and took over southern property.

He mentioned that 15% of government subsidy goes to higher education, and President KENNEDY has it within his power to refuse to give one red cent to higher education if the schools are not desegregated, but President KENNEDY (although his title is Executive -- and an executive is supposed to execute) he sits by and does nothing towards alleviating or correcting this situation. He severely criticized President KENNEDY in this regard.

There were about 150 people present. A contribution was taken for HENRY WINSTON and it was announced that they collected \$59.00.

Another speaker was MARTIN OLIVER (associated with the NAACP) who spoke inasmuch as the theme of this week is Brotherhood Week. He asked for equal housing, schools and opportunity for the Negro. What happens in Africa directly affects every Negro in America, he said. He also answered pertinent questions regarding segregation at the question and answer period following.

The following people attended: BELLA ALTSCHULER, BELLA HLEBSKY, VERA GAMBINO.

The meeting ended at 10:15 and refreshments were served.

On the evening of 2/12/61, a meeting of the combined Illinois CP steel section and the Lake County, Indiana CP steel section was held at the residence of Arthur Adams,

The following

individuals were in attendance at this meeting:

b6
b7C

Representing the Illinois CP steel section were

Linsey Jones

Mario (LNU)

John Wright

Lucius Armstrong

Ward Goodspeed

Flo Hall

Unknown white male who has attended this type of meeting in the past and who spoke on the situation in the agricultural field at this type of meeting in the past.

From Lake County, Indiana

Emanuel Blum, Indiana CP District Chairman

Arthur Adams

Frank Lumpkin (Lumpkin arrived after the meeting had begun and had to leave before it was completed)

Adams' wife Ressie served refreshments at this meeting but did not take an active part.

At the outset of the meeting, Linsey Jones was selected as Chairman for the meeting.

No specific agenda was set for discussion at this meeting, however, it was hoped that the meeting would cover such topics as the problems in the steel industry at the present time, the Party's approach to these problems, and the Rarick movement.

The main talk at this affair was delivered by Emanuel Blum, Indiana CP District Chairman. Blum cited a report prepared by Arthur Goldberg, Secretary of Labor, concerning the unemployment situation in the country at the present time. Blum mentioned that according to figures supplied by Goldberg, 5,400,000 people were totally unemployed at the present time. Goldberg felt that the United States is in a worse plight than it has been for many years. According to Blum, Goldberg agrees with a program outlined by David J. McDonald, president of the USWA, which was recently outlined in the union's newspaper known as "Steel Labor." In this article, McDonald supported such issues as the 32 hour week and outlined a program designed to return the steel workers to the mills.

Blum further mentioned that the steel industry is tightening its activities against the steel workers. Disciplinary action taken by the steel industry against steel workers is becoming increasingly prevalent.

Arthur Adams of [redacted] spoke on a recent action taken by the Youngstown Sheet and Tube Company, East Chicago, Indiana, against steel workers involved in a wild cat strike. Adams mentioned that Joe Norrick was one of the individuals who refused to cross the picket line when the wild cat strike was instituted at the plant. According to Adams, Norrick was originally disciplined by being suspended for 30 working days. This discipline was subsequently modified to 30 calander days. Norrick will be allowed to return to work on 3/4/61. According to Adams, 10 individuals involved have been discharged by the plant. However, during subsequent negotiations with the union, it was decided that these men will be reinstated after a period of suspension. Adams stated that the company took photographs of the entire activity on the picket line during the wild cat strike and from these photographs, decided who should be disciplined.

b6
b7C

It was Adams' opinion that the pattern of management in the steel industry has been set up on an agreed management approach which is described as the "G. E. pattern." He cited another example in the recent labor dispute at the Simmons Company at Munster, Indiana, a manufacturer of mattresses. At that plant, a woman was transferred to a new job, however, the company claimed she was not proficient enough to hold the new job and was discharged. Subsequent grievance negotiations were unsuccessful in getting this woman reinstated, therefore, a strike was called.

Ward Goodspeed spoke on situations occurring in the South Works in Chicago, Illinois. Goodspeed mentioned that in his department at the South Works, there is a lack of good union representation. He specifically mentioned that the company was asking the workers to perform certain duties which they felt were violations of safety procedures. The union representative, according to Goodspeed, was actually asking the employees to cooperate with the company on this procedure. Goodspeed stated that recently a crane operator was told by the company to go to another job and act as a crane operator at the new place for one hour. Goodspeed and other employees felt that this was an unsafe procedure. Goodspeed protested to the assistant grievor, however, the assistant grievor sustained the company as it would only be for one hour.

Goodspeed's remarks set off a round of general discussion during which time most of the individuals present mentioned problems being encountered at their places of employment in which the steel industry is taking a more militant stand and demanding on authorized work from the employees.

Adams, at the request of Blum, cited a case wherein a general order was issued at the Coke Division of the Gary Works, United States Steel Corporation. This order reflected that if the employees failed to carry out orders from supervisors, they would be disciplined immediately. Adams stated that the Coke Division in the plant is highly organized and all actions by company supervisors concerning this matter are immediately reported to Local 1014 of the USWA. This procedure keeps the Local aware of any such action as it occurs so that something can be done through grievance procedures.

Frank Lumpkin mentioned that in his opinion, the rank and file members in Goodspeed's department at the South Works, should begin campaigning for a stronger union representative to defeat the one currently representing the workers in Goodspeed's department. Lumpkin was of the opinion that the steel workers should elect a representative who would defend the employee's rights against pressure by management.

Frank Lumpkin mentioned that at the Wisconsin Steel Company plant in Chicago, Illinois, where he works, it is a policy that two "chippers" must work together for reasons of safety. There was a recent situation where one chipper of a two-man team failed to report for work. The foreman wanted the other chipper to work by himself. This employee refused and immediately contacted his grievor. According to Lumpkin, the problem was settled at that time. The man did work that day, however, he did not work as a "chipper" because of the fact that the other man was absent.

Mario (LNU) indicated that he was employed in one of the Fabricating Steel plants in the Chicago area. Mario indicated that new machinery being introduced into the plant at which he works is causing considerable change in the jobs for the employees.

Flo Hall attempted to summarize the results of the discussions by outlining the problems and the possible solutions to them. Hall mentioned that she had attended a meeting of the National Auto Commission of the CP held the day before. Hall mentioned specific problems being faced by the Automobile industry are the generally pay scale and the hours in a working day. She mentioned another problem was to create sympathy and support from the automobile workers themselves to combat these problems.

Hall mentioned that one of the basic difficulties encountered is the problem of informing all the workers of the situation in order that they will have the actual facts. Once the workers are in possession of the facts concerning the problem, more action can be expected from the worker. Hall mentioned that she understood that there is a request from the National Steel Commission of the Party to publish information informing the workers of the problems through the CP press.

Hall stated that there will be a separate section of "The Worker" March 6, 1961 issue. This section can be distributed separately and will contain news concerning the situation in the steel industry throughout the United States. Hall asked all those present to contribute items to this issue.

It was the consensus of opinion by those present that methods must be found to get the Communist Party program to the workers and the simplest and most direct manner possible. A rough draft article prepared some time ago concerning the effect of speed-ups, automation, and job combining in the steel industry, prepared by Adams and Blum is to be revised and brought up to date. Once this article is made current, it is to be given to "The Workers Advance," CP publication in South Bend, Indiana, and to the National Steel Commission of the Party in order that it can be discussed at the coming NSC meeting to be held in Cleveland, Ohio in March. The committee of the following individuals was set up to revise this pamphlet:

Arthur Adams and Frank Lumpkin from the Lake County, Indiana CP steel section

Linsey Jones and Mario (LNU) from the Illinois CP steel section.

This committee is to meet on Friday, February 17, 1961, at the residence of Linsey Jones, [REDACTED]

Arthur Adams mentioned that Joe Norrick had informed him that the cost for renting a room at the Gary Center of the Indiana University for the meeting held in December, 1960, featuring Donald Rarick, was \$25. Norrick had received previously \$10 from the Party to rent this room. However, according to Adams, Norrick stated that he had received a bill for \$25 for this rental. Linsey Jones collected \$10 from the Illinois group in attendance at this affair to give to Norrick. The Lake County CP steel section is to give Norrick an additional \$5 which will cover the cost of the rental.

Blum mentioned that Herbert Aptheker will be at Blum's residence in Chicago on Saturday evening, February 18, 1961. Blum invited all those in attendance to be at his residence at that time in order to hear Aptheker speak.

On February 19, 1961, a meeting of the Committee for Freedom of the Press was held at the Fine Arts Building, 410 South Michigan Avenue, Chicago, Illinois. This meeting was attended by approximately 85 individuals some of whom were identified as follows:

✓
HERBERT APTHECKER
GENE MOSIER
ALICE MOSIER
MARCIA STARR
MR. KESSUER
EARL _____ (Master of Ceremonies)

A Negro gentleman, who was Master of Ceremonies at the affair and who was overheard using the name EARL, introduced the main speaker, who was HERBERT APTHECKER.

APTHECKER's speech dealt with the present day plight of the Negro and a summary of the Civil War with the emphasis on the contributions and acquisitions of new found rights by the Negro. APTHECKER brought out the following points:

- 1) Oppression of the Negro people is a basic fact in our history.
- 2) Racism may destroy our country.
- 3) The contributions of the Negro people were basic to the success of the Civil War.
- 4) Former President EISENHOWER exerted great patience concerning the progress made in the field of civil rights, but found no such patience exercised concerning sending troops into Lebanon or breaking diplomatic relations with Cuba.
- 5) Negro and white unity is needed to hold the nation together.
- 6) Acts, not words, are needed to fight Negro oppression.
- 7) The 13th and 14 Amendments to the Constitution were brought into being as a result of the Civil War and slave property was confiscated by the government.

8) There was international solidarity behind the fight for the freedom of the slave. England and France were among the supporting nations.

9) Marxist classes were present during Civil War and voted against the confederacy. Marxist writings praised LINCOLN even at that time. Communists helped to form the Republican Party during the time of LINCOLN here in the United States.

Following APTHECKER's main speech there was a generous applause and then a question and answer period. Some of the questions and answers are paraphrased below:

Q. What do you think of the works of CARL SANDBERG?

A. I don't believe he covers everything, but I have high regard for his works.

Q. What are the solutions to the problems facing our present day society?

A. Socialism - is the solution to our capitalist society.

Q. Since the death of LUMUMBA, what effect is African liberation having on liberation in America?

A. Both movements have identical enemies - imperialists. LUMUMBA's death is having enormous impact throughout the world as well as in this country.

EARL, the Master of Ceremonies of the meeting, announced that the African-American Heritage Association (AAHA) would hold a mass meeting on February 24, 1961, at 729 East Oakwood Boulevard. Featured will be speakers from Africa who will deal in truth about the murder of PETRICE LUMUMBA and its effect on the people of the world, especially the African-American people.

CG 100-18209

The source advised that the conduct of the meeting was very orderly and said that the question and answer period possibly had been pre-arranged.

ADDENDUM

A copy of this memorandum is being channelized to EARL DURHAM's file since [] has advised DURHAM was the Master of Ceremonies at this affair.

2. Attendance at Crown Heights
Section of the Kings County CP

On December 12, 1960, NY T-4 advised that on December 8, 1960, APTHEKER was the instructor at a class sponsored by the Crown Heights Section of the Kings County CP, Eastern Parkway, Brooklyn, New York. (C) U

According to the informant, APTHEKER discussed Cuba and the reason the recent revolution succeeded, though previous revolutions had failed. APTHEKER added that previous revolutions were limited in scope and consequently resulted in no sociological changes. He pointed out that the "Socialist epoch" had made this recent revolution possible, but that the revolution was, by no means, a Communist revolution. (C) U

On January 19, 1961, NY T-5 advised that on January 15, 1961, APTHEKER addressed the Crown Heights Section of the Kings County CP. (C) U

At the outset of his talk, APTHEKER said that whenever he speaks in public, he carries among other responsibilities the responsibility of representing a "philosophy and ideology", of which he is "an adherent". He did not mention this philosophy by name. (C) U

His lecture centered around the fact that Latin-America is "an over-exploited area". (C) U

APTHEKER cited statistics of the suffering Latin-Americans and their production figures, as well as the total United States investment in Latin-America. He also pointed out the financial assistance given by Socialist countries to Cuba. (C) U

On January 17, 1961, NY T-4 also verified the subject's appearance at the above meeting. (C) U

According to the informant, APTHEKER stated that the strength of the Cuban revolution gives strength and hope to other Latin-American revolutionaries. Past (C) U

revolutions in Cuba have failed because once the revolt was successful, the new government was unable to obtain capital. The only sources of capital were monopolistic capitalists who denied the money because they did not want Cuba to become industrialized, as they desired to retain Cuba as a source of raw materials and a market for their finished products. (C) U

CASTRO's revolution was successful because of a new epoch in which his government was able to obtain funds which were pledged to Cuba by the Soviet Union, Poland, Czechoslovakia and China, these countries pledging to buy Cuban products and to furnish Cuba with industry and techniques. The Soviet Union also proposed an exchange of students with Cuba. (C) U

The success of the Russian Revolution was miraculous as the Soviets had no one to give them aid or funds. The Russian working-class was successful on its own. In World War II, the Nazis murdered 15,000,000 Russian men and 5,000,000 Russian women. Now the balance of power has changed--one-third of the world's population is in the Socialist camp and 40 per cent of the world's industrial capacity is controlled by Socialism. (C) U

Cuba is diversifying its crops. It is no longer a one-crop country and is raising more of its own food. The Cuban revolution is a national liberation revolution that is moving toward Socialism. (C) U

The American Navy and Marines would have intervened in the revolution if requested, but the general strike caused a complete collapse of the BATISTA government. (C) U

Never in the history of the United States has an outgoing administration deliberately left such a mess for an incoming administration. (C) U

Ordinarily, the severing of diplomatic relationships would be left to the incoming administration. Though President KENNEDY might like to resume diplomatic relations with Cuba, he could not do so for six months. Such a move would (C) U

depend on the pressure brought to bear on the American people. (C) U

On January 24, 1961, NY T-6 also furnished information on the above meeting. (C) U

On January 16, 1961, NY T-7 also furnished information relative to the above meeting. (C) U

According to the informant, APTHEKER discussed the revolution in Cuba and added that this revolution differs from the "comic opera" aspects that had characterized revolutions in South America in the past. (C) U

B. Writings in "Political Affairs"

A characterization of "Political Affairs" is contained in the Appendix attached hereto.

In the issue of "Political Affairs" dated January, 1961, APTHEKER has an article entitled "American Morality and Marxism", in which he discusses instances of private and public immorality which he blames on the system of capitalism.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

NY 100-80532

APTHEKER writes in part as follows:

"The rebellion that is shaking the 'free world' from end to end is a rebellion that encompasses within it a spewing forth of the immorality of imperialism. In our own country where that imperialism is strongest and the immorality is deepest there is a rising sense of protest and outrage against the hypocrisy, pornography, sadism, irrationalism, graft, inhumanity. There is a breadth to this quite organized movement perhaps as great as the still--insufficiently organized movement against war."

In the issue of "Political Affairs" dated February, 1961, APTHEKER is the author of an article captioned "The Civil War Centennial", in which he discusses the current celebration of the Centennial of the American Civil War.

APTHEKER writes in part as follows:

"The class character of the War, in terms of its conduct, is a dramatic feature. In the South, the common belief was that it was 'a rich man's war and a poor man's fight'; there popular disaffection from both Negro and white was a basic cause for the complete defeat of the Confederacy. In the North, too, this being a bourgeois-democratic effort, it is noteworthy that it was the working and farming masses--native and foreign-born--who bore the greatest share of the burden of winning the battle. It was the rich who fought the war in the counting-house and it was from the rich and the officer caste that one found the greatest proportion of copperheadism and treason. Where one had organized working-class elements, as in the early trade unions, these participated often en masse sometimes retaining their organizational identities, in defense of the republic."

C. Writings in "The Worker"

"The Worker is an East Coast Communist weekly newspaper.

"The Worker", January 15, 1961, page 10, column 1, contains an advertisement reading as follows:

"Coming-- 'The American Civil War-- a Marxist Analysis' by Herbert Aptheker, noted historian and editor of 'Political Affairs'. Four articles in 'The Worker' will deal with the causes, conduct and class forces in the North and South. It will recount the role of the Negro people in the struggle and the opposition in the South to the Confederacy. The series will also cover the international aspects of the struggle, the results of the great conflict and its meaning for today."

"The Worker", dated February 12, 1961, page 6, column 1, contains an article captioned "The American Civil War; a Marxist Analysis. The Attack by the Slave Owners."

This article is in essence as follows:

APTHEKER characterized the Civil War as an attempted counter-revolutionary coup by a desperate slave-holding oligarchy. This group in the South was the aggressor and violently assaulted the sovereignty of the Republic.

The reason the South rebelled in 1861 was because it felt it had everything to gain and nothing to lose, fearing that its social-economic system faced a life and death struggle because of the outcome of the national elections of 1860.

APTHEKER listed the following four forces responsible for the outbreak of the War:

- "1. The social-economic transformation in the North and in the West, especially from 1840 onward.
2. The quantitative and qualitative growth of the abolitionist movement.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

NY 100-80532

3. The intensification of class conflict within the South itself.
4. The accumulation of organic contradiction within the slave-holding plantation system of the South."

"The Worker", dated February 19, 1961, page 5, column 4, contains an article entitled "The American Civil War; The Colossus with Feet of Clay".

This article is in essence as follows:

APTHECKER noted that KARL MARX was one of the few European public figures who maintained that the Confederacy would ultimately be defeated. MARX gave as his reason the fact that the North was not fighting the South, since it was a question of the Republic of the United States fighting the Confederacy. MARX described the latter as a colossus with feet of clay, based upon the slave-holding oligarchy without the devotion of the majority of the Southern people.

"The Worker", dated February 26, 1961, page 8, column 1, contains an article by APTHECKER entitled "The Negro People in the Civil War".

This article is in essence as follows:

APTHECKER writes that the role of the Negro in the Civil War was absolutely decisive. The Negro masses were in the forefront of the process of revolutionizing the conduct of the War.

The active role of the Negro people in fighting for their own emancipation and for the integrity of the Republic is established by the evidence.

"The Worker", dated March 5, 1961, page 8, column 4, contains an article captioned "Lessons of the Civil War", written by APTHEKER.

This article is in essence as follows:

The real threat to the Republic lies in the forces of reaction. While the slavocratic oligarchy in the South attempted by force and violence to overthrow the Republic, the Negro and white producing masses were its defenders.

The oppression of the Negro people has been central to American history. Racism has been destructive of national strength and popular welfare.

In the Civil War, the contributions of the Negro were absolutely decisive in the ultimate victory of the United States.

The Marxist component was present and played an honorable, important role in the War.

He stated that he wanted to express certain thoughts concerning the current celebration of the Centennial of the American Civil War, which he characterized as an orgy of Chauvinism, an apology for treason and a celebration of counter-revolution.

APTHERKER stated that the truth about the Civil War hammers home certain points. He said the real threat to the American Republic lies in the forces of reaction. During the Civil War, the first families of the South were responsible for the first attempt to overthrow the government. The basic defenders of the Republic were the producing masses, both Negro and white.

He said that policies of patience, compromise and gradualism are disastrous and are devices for the continuation of oppression. The sharply divided character of the South was clearly shown during the Civil War, though international solidarity was an outstanding feature of the Civil War.

The Civil War amendments were revolutionary acts and constituted important precedents. The Civil War began as a counter-revolutionary attempt and ended as a revolutionary development.

According to APTHERKER, the full potential of the revolutionary content of the War was aborted. It remains for our generation to complete that revolution.

On February 27, 1961, NY T-1 advised that during the period from February 23 to 24, 1961, a high-ranking member of the CP, USA commented that it seemed to him that APTHERKER is using his position on the magazine "Political Affairs" for his own advancement and that the material of others that he is putting in that publication is not edited properly. He also testified that he had never been an officer in the CP, however, he had offered his services as a CP teacher. He testified further that he had taught classes in American History and theory of Marxism-Leninism under CP auspices, and that all his writings since 1939 or 1940, had been consciously guided by what he thought was the "light of Marxism-Leninism."

STUDENT COMMITTEE ON PROGRESSIVE EDUCATION (SCOPE)

A confidential source advised on June 16, 1958, that SCOPE was formed in early 1958, by a group of individuals who were believed to be, by the source, sympathizers of the former Labor Youth League (LYL).

The LYL has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

Another confidential source made available on April 1, 1958, a brochure put out by SCOPE which sets forth that the members of SCOPE believed that youth ought to know and so they are trying, in a modest way, to provide conditions in which youth can broaden their knowledge and improve their understanding of this "changing, perplexing, and exciting age." According to this brochure, to accomplish this SCOPE is conducting classes for youth taught by Marxist instructors.

Another confidential source advised on November 20, 1958, that at the third day's session of the National Executive Committee (NEC), Communist Party (CP), USA, held that day in New York City, ROBERT THOMPSON, Executive Secretary, CP, USA, stated that in New York there is a group of about 21 youths who have been a very active force in youth and formed a group called SCOPE, a student committee on progressive education which has run for the last year with young people with a Marxist character. They have made a national tour of the Party using "real cloak and dagger" operation methods as far as the Party apparatus is concerned, making intelligent contacts and organized, unbeknown the Party, a cadre that would bring into being and revive a Marxist organization. THOMPSON stated that approximately 8 or 10 of this group are CP members.

Another confidential source advised on March 24, 1959, that during a meeting of the NEC, CP, USA, held on March 21, 1959, HYMAN LUMER, CP, USA, Educational Director, stated that in New York, most of the discussions on youth are between the National Office (CP) and two groups of young people who function in New York, which are either Party groups or pro-Party groups. The first group is called SCOPE (Student Committee on Progressive Education). This group stands closest to the CP leadership.

for being too dogmatic and anti-American in his stands. For
example, she quoted him as saying that Cuba was not a
socialist society because the State did not own all the farm
land. She said that the Communists were jealous because
Cuba was not completely aligned with them. She said that
another class on Psychology was also quite narrow-mindedly
taught in a strict Pavlovian manner.

She said that she was still out of work and had no immediate
prospects, although she was spending quite a bit of time
working with the Club.

ADVANCE
IS-C

[redacted] on 4/8/61, that the First Session of the First Annual Convention of ADVANCE got underway in Room 10B Adelphi Hall, 74 Fifth Ave., NYC, at 11:35 a.m. on 4/8/61. The First Session was taken up with reading and approving the agenda, talks by a guest, and panel discussions. According to this informant, an unknown female (believed to be SHELLY HIRSHMAN) was Chairman of this session. An unknown male (believed to be MARVIN MARKMAN) was the first speaker. This unknown male talked about "our" contribution to brotherhood in America. He spoke of "our democratic rights and this is the time of real challenge to us. He stated that throughout history the US youth have stood up for their rights.

b7D

The Chairman then introduced HERBERT APTHEKER of the Marxist School. APTHEKER spoke on the moral responsibility of youth. He stated that corruption in our country is contributing to the failures in our country. He said that President EISENHOWER urged a national approach to the youth problem, however, it took 14 months for a commission on youth to be appointed, which prepared a report which said nothing. APTHEKER stated that in every city thousands of men and women are unemployed, no money or food. In South Korea, there are beggars all around. In Seoul, Americans have done little for the workers. In the American colony in Seoul the people have everything they need, while the Koreans are starving. He stated that the struggle for Socialism is the struggle for democracy and the struggle for peace is the struggle for Socialism. He urged the youth present to take a firm part, marching together in their country to unite the young people of America.

According to this informant, after a recess for lunch MIKE STEIN, spoke, STEIN said that what is needed is a youth organization to educate the youth and that we have such an organization in ADVANCE. He then outlined what separate clubs, teenage high school and college groups. We have established relationship with Negro and Cuban groups. STEIN then spoke on ADVANCE participation in protest rallies, picket lines and peace marches. He stated that ADVANCE supports these activities and we must be part and parcel of these activities. He said that we must fight and join together for unity, equality in schools, shops and etc. He stated that we must defeat the cries for anti-Communism.

STEIN also stated that our clubs are taking shape and they are the most important factor to further ADVANCE. The clubs must be social, fraternal, attract youth, develop leaders and be alert to problems of their members. Our groups and clubs are giving directions to the youth and developing their own programs. He stated that this will make ADVANCE a growing organization. STEIN continued by stating that the youth and ADVANCE will engage in athletics, social and cultural activities and this will demand time and money. We have a task before us to organize the youth of America - the future is ours - many will try to stop us, but let's make it a march forward.

According to this informant, after STEIN's talk a general discussion was held regarding the past years activities and the future of ADVANCE. All speakers agreed with APTHEKER and STEIN's talk. Following this general discussion, the Chairman then announced that the convention would break-up into 3 smaller groups for panel discussion. After the panel discussions the convention was recessed until 10:00 a.m. on Sunday, 4/3/61.

Chicago, Illinois

February 20, 1961

✓ On February 18, 1961, a meeting of Illinois Communist Party (CP) members from industry was held with HERB APTHEKER at 5432 South Harper, Chicago.

Of those in attendance, the following were identified:

FRANK ROSEN
ARMANDO RAMIREZ
SAM KUSHNER
CHARLIE WILSON
CARRIE MAY BEVERLY
MANNY BLUM
AL HANOVER
NATE SHARPE
HERB APTHEKER

LOIS ROSEN
FLO HALL
ARPAD BALLA
VILBERFORCE JONES
VERRA BLUM
NATALIE MYERS
RENEE HANOVER
MIKE SAUNDERS

The following people were present, possibly from Gary, Indiana. These persons are all unknown, but from conversation it is felt they might be from steel as HALL was overheard mentioning to them that ARMSTRONG would see them.

Negro male, 45-50, 5'10", 200 pounds, stocky build, black hair-graying at temples, dark complexion.

Negro male, 45, 5'9"-10", 195 pounds, stocky build, dark complexion, hair thinning in front, wearing glasses.

Negro male, 35, 5'8", 155 pounds, average build, light complexion, full head of black hair.

White female, early 40s, 5'6", 120-125 pounds, thin build, brown hair, reddish complexion.

✓ This meeting was more social in nature than anything and there was food and refreshment. The main purpose of the meeting was to have people from industry get acquainted with the speaker, HERB APTHEKER.

APTHEKER spoke on the Negro in the labor union movement and stated that some unions in the 1850s and 1860s admitted Negroes to the membership ranks. These unions did not last long

and were replaced by the International Workers of the World (IWW). The IWW started a policy on segregation in the union ranks, and this policy has persisted ever since. There have been only a few locals allowing segregation since that time.

In 1880 the AFL came into being and has been the predominant union since its inception. All unions, international in scope, were affiliated with the AFL. The majority of unions did not permit Negroes and possibly the two exceptions were United Mine Workers and the International Union of Mine, Mill and Smelter Workers (IUMMSW). These two accepted Negro membership without question.

During the 1900s there was a great struggle for the admittance of Negroes in the AFL. Very little, if any, progress was made and the AFL leadership opposed this and went to the extreme of making it difficult for unions who did allow Negro members to remain in the AFL.

The CIO was organized in the 1930s under JOHN L. LEWIS and was made up of internationals which were not allowed to be affiliated with the AFL. At the inception of the CIO, the first convention saw Negro delegates present. At the convention JOHN L. LEWIS wanted Negroes to have representation on the Executive Board. MURRAY and others opposed this suggestion and defeated LEWIS on this point.

Since 1915 there have been Negroes in the UMN and they have been afforded the opportunity of having representation on the Executive Board of the UMN. This illustrates how advanced the trade union leadership of JOHN L. LEWIS really was.

In the early 1940s there was a struggle for power in the CIO and even though LEWIS had led the union for several years he withdrew his union from the CIO and made the UMN independent. His union remained independent for a few years after which he reaffiliated with the CIO. He did not remain with the CIO long as he did not agree with the policies of the CIO and again withdrew and became independent.

During this time the Negro did an excellent job of organizing the unorganized and there was a large number of Negro workers taken into the membership of the AFL and CIO; however, both unions had Jim Crow and lily-white locals. Today there is still a problem of getting the Negro established in the AFL-CIO and there is only one Negro on the Executive Board of the AFL-CIO and this is A. PHILLIP RANDOLPH.

CG 100-19431

This reflects on the past practices of these unions relative to their positions on discrimination. It is now time for the Negro people to carry on a fight for their right to hold office in the trade unions. APTHEKER praised RANDOLPH for establishing the Negro American Labor Council to carry on the fight for the Negro in this field. MEANY and REUTHER are opposed to the NALC, but are actually responsible for the organization being started because it was through their actions and statements concerning the advancement of the Negro in the trade unions which prompted RANDOLPH to organize this group.

APTHEKER stated there are still some independent unions which give union representation. The IUMMSW has a vice president and two international representatives who are Negroes. The UE has Negroes who are in leadership positions within that union. The International Longshoremen's Union has Negro leaders. APTHEKER stated that if these unions can recognize the Negro, there is no reason why other unions should not give the Negroes equal representation on leading union Executive Boards. It is necessary that the Negroes organize a campaign to fight the unions for this recognition.

"III Topic

- A. The Meaning of the Revolution in Cuba
 - 1. United States and all colonial Powers should keep their hands off Cuba and let them choose which form of government they want
 - a. What right has the United States in dictating domestic policy to free Cuban citizens
 - 2. The reason why revolts can now be accomplished
 - a. Twenty years ago the colonial powers would own smaller countries completely by their foreign investments
 - 1. banks
 - 2. railroads
 - 3. oil
 - 4. telephone
 - 5. hotels
 - 6. basic economic products of country
 - b. The people of the country would work the land and through their energy make millions of dollars for their colonial oppressors getting the barest necessities out of life if they were lucky to get that
 - c. What could the people do to change this situation - well they could revolt and put into power a new administration
 - 1. Colonial powers would immediately 'talk to' the new head of government and explain what they wanted done telling him that if he did not follow their ideas they would shut off the electric power, stop the oil flow, stop buying the major products of the country, shut down the railroads - airplanes - shipping and make sure that the banks of the country did not lend them money, etc. - thus crippling the country
 - d. Because of this the new head of government had to agree to the colonial powers suggestions all the time thus turning the head of government into a new hired help in the house owned by the Capitalist big business corporations -

- "if need be they would give the new hired help a small raise but it was not his house
- e. Twenty years ago this was the perfect example of exploitation throughout all the under-developed countries of the world and the capitalist countries were sucking all the profits out of these nations
 1. Capitalist corporations owned hundreds of other nations exploiting the people all they wanted with no alternative solution for these countries - they could do nothing about this situation
 - f. Today these same countries have an alternative which they did not have before and that is a socialist system which has many strong nations which led by the Soviet Union can help them brake away from this exploitation by the colonial powers
 1. example - Cuba 90 miles away from the United States was owned by the corporations of this country namely
 - Standard Oil
 - Texaco
 - United Fruit
 - Edison
 - First National Bank
 - Chase Manhattan Bank
 - The basic economic product sugar
 - g. After the masses revolted and CASTRO came into power the United States felt that once again they could 'talk to' this leader the same as they had done in the past to other leaders of revolting nations explaining to him that he just worked for them and if the United States wanted to they could economically strangle the country
 - a. The most important thing to watch in this example of Cuba's independence is the sharp turn away from the capitalist society instead of hang'ng on to them
 - b. This upset the United States very much and they started their economic strangulation of the little country but each time the United States put into effect a corrective measure such as not buying Cuban sugar the Soviet Union and all the socialist states stated they would buy the sugar at more money and lend Cuba money at half the interest rate that the United States was charging her and she could take twice as long to pay

- "c. The United States was so angry that they would not train the Cuban personnel to run the industries, again the Soviet Union came to the rescue telling the Cuban people if their farmers could learn how to work big factories and highly industrialized businesses and send a man into outer space then the Soviet Union would teach Cuba to do the same
- d. Every device to hurt Cuba economically was thwarted by the Soviet Union - all socialist governments proved through their actions in Cuba that their now was an alternative, after revolution, to break completely with Colonial Powers and start their own socialist system were hard work would be repaid by prosperity for all
- e. Small nations all over the world have seen the Cuban example work and have gained great strength from it, soon all underdeveloped nations will follow the plan CASTRO used and they to will be free from Colonial exploitation
- f. The people in the United States must be made to realize the facts about how the big corporations in this country have exploited the Cuban people treating them as slaves
 - a. Now that they are free the masses of people in the U. S. should make the corporations and government keep their hands off of Cuba and let them develop whatever system is best for them
 - b. Write your U. S. senator and representative expressing the individual ideas which you as progressive thinkers believe on this subject - this is very important and will help Cuba stay free

CG 100-33741

On May 2, 1961, CG 5824-S*, who has furnished reliable information in the past, made available to SA RICHARD W. HANSEN a handwritten letter prepared by ELIZABETH GURLEY FLYNN, Chairman, Communist Party, USA (CP, USA); dated April 29, 1961, at San Francisco, California. FLYNN is currently on a Western tour of the United States. Included with FLYNN's handwritten letter were two enclosures, one a typewritten letter from ANNIE BULLER, a member of the CP of Canada currently residing in Prague, Czechoslovakia, where her husband is employed on the "World Marxist Review". The other enclosure was a clipping from the publication "Vlasta", a women's weekly printed in Prague in the Czechoslovak language. Reportedly, this article pertains to the election of FLYNN as Chairman, CP, USA, and had been prepared by BULLER. In regard to this latter item, the Bureau may desire to prepare a translation thereof and furnish same to the New York Office.

All of the above items were photostated by the Chicago Office and returned to the source on May 3, 1961. One photostat of each of these items was retained by the Chicago Office and has been made an exhibit in Chicago file 100-33741-1B3 (212). Two photostats of each of these items are being enclosed herewith for the Bureau and for the New York Office.

Set forth below is the verbatim content of the handwritten letter of ELIZABETH GURLEY FLYNN dated April 29, 1961. Only minor personal data has been eliminated in order to protect the identity of the source. The information appearing in parentheses was supplied by the source on May 2, 1961, for assistance in interpreting the content of this item.

"Dear

"It was unfortunate, in a way, that when you called Peggy (DENNIS) was with me. You might have been able to speak more freely. Mickie (LIMA) came in while you were talking to her - we all /Helen (LIMA), M (MICKEY LIMA), P. (PEGGY DENNIS) and me/ went for a Chinese dinner last night. But maybe it was

CG 100-33741

just as well in another way - you did talk to her and she realized you could not say everything on the phone. As we understand from Mickie, John P. (PITTMAN) plans to stay at least another year, if his passport is renewed. He is anxious we should begin now to look for a replacement. The training on the P. W. ("Peoples World") would help her a great deal if then it was considered she go there later. I advise her don't try to plan everything out too far ahead. Now prepare for the summer, and the P.W. possibility. It would be a great mistake, in my judgement, for her to settle in N.Y.C. Here would be much better. I tried to get her to come to L.A. with me. She has a host of relatives there. But she doesn't want to do it. She will come East at the end of May.

".....

✓ "Enclosed is from the Oakland Tribune - Knowland's paper, syndicated I guess. It ought to help our meeting tonight. Save for me. I keep a yearly scrapbook of columns and clips. Also are from Prague. Am so glad so many good people are having nice vacations - including John and Jessica (ABT). Our turn will come! Mrs. (HERBERT) Aptheker is there (U.S.S.R.) with one of her groups, he (HERBERT APTHEKER) tells me. They'll need that new big hotel they are building for tourists.

"Packed away among all the snide remarks in that book "Only In Russia" is some good information. You have to search for it. I'm leaving it with Mickie and he will return it to us in NY. You may want to send it to friends.

"Peggy asked if you could arrange for Dorothy (HEALEY) to see T. (TIMUR TIMOFEEV, son of PEGGY DENNIS in Moscow). She knew him as a baby. It will take too long for her to write him etc.

"Elizabeth"

Set forth below is the full text of the letter of ANNIE BULLER furnished as an enclosure to FLYNN's letter:

"April 17, 1961.

"Dear Elizabeth,

"Thanks for your letter from Seattle, Wash. Your remark about the possibility of seeing us in the Fall is certainly good news, and we hope it will be realized. As soon as we read in the press about your new position, we sent you our greetings and best wishes.

"The editors of the Women's weekly paper, 'Vlasta' asked me to give them an article on your life and work. I complied with their request quite willingly, and I enclose it here for you to see. They shortened it a bit. I had no other picture of you, so they printed this small group picture from Roumania. You may be able to get somebody who reads Czech to translate it for you.

"Now that its getting warmer I hope to get around more. You must be having a successful trip, as the people, no doubt, are anxious to get your message. Particularly now, when the whole world stands in amazement and is full of praise for the first man in space -- a Soviet man, Yuri Gagarin. Our comments on this historic achievement are hardly necessary..

"Hoping these few lines find you in the best of health and spirits, the two of us send you our best wishes.

"Love,

"Annie"

ALBERTSON, WILLIAM

ALBERTSON is a member of the NC representing the NY District, and functions as Coordinator-Organizer of the CP Youth Commission. In addition, ALBERTSON holds the position of Chairman of the Food Club of the Food and Bakers Region, Industrial Division of the NY District CP. ALBERTSON is currently employed by International Publishers, Inc., NYC, which firm is headed by ALEXANDER TRACHTENBERG.

Information received indicates that the CP, USA, desires to take over the direct control of International Publishers, Inc., from TRACHTENBERG and has positioned ALBERTSON in this firm, in an effort to gain control of International Publishers, Inc.

✓ APTHEKER, HERBERT

APTHEKER is an at large member of the NC, and serves as Director of the NY School for Marxist Studies, NYC. In addition, APTHEKER functions as Editor of "Political Affairs", and also serves as a member of the Board of Editors of "Mainstream".

On 5/2/61, APTHEKER delivered a speech at Queens College, Queens, New York. Approximately 150 students of the College were in attendance during APTHEKER's speech.

AUERBACH, SOLOMON

AUERBACH is an at large member of the NC, who is commonly known as JAMES ALLEN.

NY 133884

ALLEN reportedly will take over HY LUMER's duties as CP, USA Educational Director. LUMER, who will in the near future begin serving an 18 month prison sentence for violation of the Labor-Management Relation Act-Conspiracy Statute, has been given a leave of absence from his duties in order to arrange his affairs.

Information recently obtained indicates that ALLEN has moved into LUMER's office at CP headquarters, New York City.

BART, PHILIP

BART is an at large member of the NC, and holds the title of CP National Organization Secretary. BART is a member of the Special Organization Commission and Latin-American Commission of the NY CP District. In addition, BART functions as a member of the CP National Board.

BART continues to be very active in the day to day handling of affairs at CP headquarters, New York City, and in the recent past has traveled to New Haven, Connecticut and Boston, Massachusetts, on CP organizational matters.

BERT, ERIK

BERT is an at large member of the NC, and serves as Managing Editor of "The Worker".

NY 100-133884

BERT departed from the United States on 3/23/61, to attend an Economic Conference to be held by the "World Marxist Review" in Prague, Czechoslovakia. This conference was scheduled to last for 10 days, after which time BERT was expected to travel to Leipzig, German People's Republic, where, during the period 4/5-11/61, he was to attend a conference on "New Imperialism". Upon termination of this conference BERT was scheduled to travel to Moscow, USSR. BERT has not, as yet, returned from his trip abroad.

COLON, JESUS

COLON is an at large member of the NC, and is employed by "The Worker" for which he writes a weekly column.

COLON was recently named Chairman of the Puerto Rican Commission of the New York District CP, and was also appointed temporary chairman of the newly formed Latin American Club of the Kings County CP District.

COLON continues to devote most of his time to Latin American matters, specializing in Cuban affairs.

CRENOVICH, MICHAEL AARON

CRENOVICH is a member of the NC representing the NY District, and is reportedly a member of the Latin-American Commission of the NY CP District. CRENOVICH is active in the affairs of the Industrial Division of the CP, and is regularly in attendance at meetings of the NY District CP Board.

NY 100-133884

At a meeting of CP functionaries held in March, 1961, GUS HALL criticized CRENOVICH's attitude and refused to appoint him to a committee being established to study and amend the CP, USA Constitution. CRENOVICH, since that time, has personally contacted HALL and has apparently reconciled his differences with him. HALL has stated that he appreciates CRENOVICH's forthright attitude in approaching him on this matter.

DAVIS, BENJAMIN J. JR.

DAVIS is an at large member of the NC, and holds the position of CP, USA National Secretary. He also functions as a member of the CP National Board.

DAVIS, in the recent past, has exhibited signs of discontent with the Party, and has expressed bitterness toward the national leadership. He feels that the national leaders prefer to stay in their offices and talk, rather than partake in any positive CP activity.

At a recent meeting of the CP National Board, DAVIS was highly critical of PHIL BART and JACK STACHEL for their having changed the wording of a cablegram to the Soviet Union, expressing congratulations on the launching of a man into space. DAVIS complained that this action was taken without consulting him, and accused STACHEL of white chauvinism. Shortly thereafter, GUS HALL stated that DAVIS had walked into CP headquarters and announced he was "quitting" the CP. DAVIS, however, appeared at CP headquarters on the next day and acted as though nothing had ever happened.

NY 100-133884

On 5/9/61, a special meeting of the CP National Board and invited guests was held in NYC, to discuss the problem of BEN DAVIS. The Board meeting, headed by GUS HALL, accused BEN DAVIS of political immaturity. CLAUDE LIGHTFOOT accused DAVIS of indiscriminately using the term white chauvinism, and criticized DAVIS for his lack of Party work. JAMES JACKSON, CLARENCE HATHAWAY and PHIL BART also criticized DAVIS for his factional tendencies.

DAVIS countercharged, and specifically accused JACK STACHEL of white chauvinism. DAVIS claimed that STACHEL represented the "right" of the Party. Generally, he charged bossism in the Party, and conspiracy against him personally. DAVIS threatened that if the Board went against him he would carry the affair to the next CP National Convention, if necessary.

The Board failed to arrive at a final decision concerning this matter, and DAVIS was given two weeks to think things over.

DAVIS, in a subsequent conversation with his wife told her that a meeting had been held concerning him. He inferred that the subject of his car (CP's car) was brought up and that it was stated that he should either use the car on Party business or give it up. He added, he has a car, but does not have enough money to feed his family.

DAVIS' wife did not appear at all interested in his CP difficulties stating that she wanted "a home life" and not a "political life".

NY 100-133884

DAVIS, in a later discussion with ESTHER CANTOR, a NY District CP functionary, stated that he still has his "arms and legs" but that he has been "quartered" and "castigated".

FLYNN, ELIZABETH GURLEY

FLYNN is an at large member of the NC, and functions as National Chairman of the CP, USA. In addition, FLYNN holds membership on the CP, USA National Board.

FLYNN is at the present time on a trip to the West Coast making speeches concerning her recent trip abroad. FLYNN has visited such major cities on the West Coast as Seattle, Washington, San Francisco, California, and Los Angeles, California. She has, during this trip, held press conferences and appeared on radio program. FLYNN is expected to return to NYC in the latter part of May, 1961.

FRIEDLANDER, MIRIAM

FRIEDLANDER is a member of the NC, representing the NY District and continues to hold the title of Bronx County Organizer. FRIEDLANDER regularly attends meetings of the NY District CP Board.

FRIEDLANDER was in the recent past active in heading up preparations for the 1961 May Day celebration held at Washington Square in NYC.

NY 100-133884

GERSON, SIMON

GERSON is an at large member of the NC. In addition, he holds membership on the Political Action and Legislation Commission of the NY CP District.

GERSON continues his employment with Afton Tours, NYC, and reportedly is contemplating a trip to Israel to visit his father.

HALL, GUS

HALL is an at large member of the NC, and holds the position of General Secretary of the CP, USA. In addition, HALL is also a member of the recently created CP National Board.

HALL continues to be most active in all phases of CP work on a national level, and recently traveled to Chicago, Illinois, for the purpose of making a May Day speech.

As was previously stated, HALL has of late been concerned with the activities of BEN DAVIS, and was responsible for the meeting of the CP National Board on 5/9/61, at which DAVIS' position was discussed. It would seem that HALL has become completely disenchanted with DAVIS as a CP national leader.

HALL reportedly is also quite concerned over the fact that the New York State Legislature has passed a law making it illegal for convicted Smith Act subjects to drive or be licensed in the State of New York.

NY 100-133884

Presently HALL drives in New York State but does not utilize a New York State Operator's License, but instead carries an Ohio Operator's License. The car he drives is not registered in his own name but rather in the name of JOE BRANDT (NY District CP member) of New York City, who is an old acquaintance of HALLs from Cleveland. Because of this new legislation HALL is now considering establishing legal residence in Ohio, in order to avoid any difficulty in regard to his use of an automobile in New York State.

HATHAWAY, CLARENCE

HATHAWAY is an at large member of the NC, and holds the position of Chairman of the NY District. He is also a member of the recently formed CP National Board, and a member of the Peace Commission, Trade Union Commission and the Political Action and Legislation Commission of the NY CP District.

HATHAWAY has recently recovered from an asthmatic attack, and has resumed his CP activities.

JACKSON, JAMES E.

JACKSON is an at large member of the NC, and holds the position of Editor of "The Worker". JACKSON also serves as a member of the CP National Board.

JACKSON, in the recent past, has attended only a limited number of meetings of the National CP Leadership, apparently dividing his time between covering activities at the United Nations (UN) and fulfilling his duties as Editor of "The Worker".

NY 100-133884

JACKSON recently has addressed the Marxist Discussion Clubs of Queens College and the City College of New York, his topic being "What Communism Is". He has described these meetings as being successful, with the students in attendance asking intelligent questions.

JOHNSON, ARNOLD

JOHNSON is an at large member of the NC, and functions as a member of the Peace Commission of the NY CP District. JOHNSON was recently placed in charge of the legal defense work for the CP. PHIL BART has complained about the lack of activity on JOHNSON's part in regard to "defense matters". JOHNSON is apparently a close friend of GUS HALL and quite possibly owes his stature and position in the Party to his acquaintanceship with HALL.

JOHNSON departed from NYC on 4/25/61, at the head of a five man delegation to attend as a representative of the CP, USA, the May Day celebration in Moscow, USSR. He has not as yet returned from this trip.

Information has been received which indicates that other CP functionaries have criticized the selection of JOHNSON as a member of this delegation, claiming that he is a stooge for BEN DAVIS and has been relatively inactive in Party affairs.

LUMER, HYMAN

LUMER is an at large member of the NC, and holds membership on the CP National Board.

NY 100-133884

On 2/20/61, the US Supreme Court denied Certiorari in LUMER's case under the LMRA of 1947.

On 5/6/61, a motion for reduction of sentence in LUMER's case was denied, and the other defendants in the case were ordered to begin serving their 18 month sentence immediately. LUMER, however, was granted a delay of 90 days because of the illness of his wife.

At a meeting of the CP National Board on 4/26/61, GUS HALL recommended that HY LUMER be relieved of all his assignments and duties until he comes out of prison. LUMER, who had previously requested that he be given a leave of absence in order to arrange his affairs prior to entering into prison, will apparently commence turning over his duties to JAMES ALLEN, who has reportedly been designated to succeed him in the post of CP, USA Educational Director.

LUMER continues, however, to frequent CP headquarters on almost a daily basis.

MC ADORY, MILDRED (EDELMAN)

MC ADORY is an at large member of the NC, and a member of the NY District CP Board, and a member of the Harlem Region Committee of the CP.

MC ADORY has recently attended CP leadership classes conducted by BEN DAVIS for selected members of the Harlem Region CP. In addition, she has, in April, 1961, attended meetings of the CP National Negro Commission

NY 100-133884

MC ADORY is a strong supporter of BEN DAVIS and continually backs his activities as a CP national leader.

O'DELL, HUNTER PITTS

O'DELL is a member of the NC representing the South.

O'DELL continues to avoid any open connection with the CP, and has reportedly not made any contact with CP headquarters, NYC.

It has recently been determined that O'DELL is employed by the Committee to Aid the Southern Freedom Struggle, 312 West 125th Street, NYC, which committee is engaged in collecting funds for the assistance of the Southern Christian Leadership Conference, which is headed by Reverend MARTIN LUTHER KING.

PATTERSON, WILLIAM L.

PATTERSON is an at large member of the NC, and holds the position of Vice-Chairman of the NY District CP. PATTERSON is a member of the CP, USA Negro Commission and the NY District CP Negro Commission.

In addition, PATTERSON is a member of the Control Commission of the CP, USA, and a member of the Review, Appeals and Audit Committee of this Commission.

NY 100-133884

PATTERSON has reportedly been named as the head of a special committee that will investigate the dissident CP groups in New Jersey, which has called itself "the New Jersey CP".

He regularly attends meetings of the National CP Leadership as well as meetings of the NY District CP Staff and Board.

POTASH, IRVING

POTASH is an at large member of the NC, and serves as Labor Secretary of the CP, USA. He has been elected to membership on the CP National Board and regularly attends CP meetings on a national level.

In furtherance of his duties as Labor Secretary, POTASH has continued to communicate with the Canadian CP, and in April, 1961, arranged for a representative of the CP, USA, and a representative of the Canadian CP, to meet during the United Auto Workers Economic Convention, held in Detroit in April, 1961.

POTASH's status with INS remains unchanged. He continues under Order of Supervision awaiting deportation.

ROBESON, PAUL, JR.

ROBESON, JR. is a member of the NC representing the NY District, and continues to be a leading functionary in the Harlem CP Region.

NY 100-133884

ROBESON, JR. on 4/4/61, traveled to Russia to visit his father, PAUL ROBESON, SR., who is reportedly sick in Russia. He is expected to remain in Russia for approximately another month.

ROSENBLUTH, NAT

ROSENBLUTH is a member of the NC representing the NY District.

GUS HALL, at a recent meeting of CP functionaries, criticized ROSENBLUTH along with MICHAEL CRENOVICH because of their poor attitude. ROSENBLUTH has reportedly become more active in CP affairs since that time, and has been attending and actively participating in meetings of the CP Industrial Board.

RUBIN, MORTIMER DANIEL

RUBIN is an at large member of the NC representing youth. He functions as CP, USA National Youth Director, and is principally involved in Youth work and the publication of "New Horizons for Youth".

In the first part of April, 1961, RUBIN visited the Midwest on CP Youth matters. At a meeting of the CP National Board, for which RUBIN reportedly will work, he gave a report on his recent trip to the Midwest, and his trip to the West Coast. RUBIN, in this report, made several proposals concerning Youth, including the proposal that the Youth question be placed before a national discussion group of the Party, possibly the National Committee.

NY 100-133884

RUBIN has, in the past, suffered from a tubercular condition, and it appears that he is on occasion somewhat disabled by his delicate physical condition.

STACHEL, JACK

STACHEL is an at large member of the NC, and Chairman of the National Groups Commission of the CP, USA. In addition, STACHEL functions as a member of the CP National Board.

As was previously stated, STACHEL has been one of the major principals in the controversy regarding BEN DAVIS. It appears that DAVIS, although highly critical of the national leadership, has singled STACHEL out for special criticism, and has openly charged him with white chauvinism.

TORMEY, BETTY GANNETT

TORMEY is a member of the NC representing the NY District, and also serves as a member of the Full-Time Staff of the NY State CP. She functions as Organizational and Educational Director of the NY District; and is active as an instructor at the NY School for Marxist Studies. In addition, GANNETT has taken an active part in proposing the issuance of "Party Affairs".

It has recently been determined that IRVING POTASH intends to submit to the Party "serious charges" against BETTY GANNETT because of the manner in which she has been claiming that her brother, HARRY YARIS, is being mistreated in Poland. GANNETT has alleged that YARIS has poor living accommodations and is not receiving proper medical care.

NY 100-133884

TORMEY, JAMES

TORMEY is a member of the NC representing the NY District. He also holds the position of Kings County CP Organizer. TORMEY continues to be active in the affairs of the Kings County CP and has reportedly also been active in CP educational matters.

WEINSTOCK, LOUIS

WEINSTOCK is a member of the NC representing the NY District, and functions as General Manager of "The Worker". WEINSTOCK is at present temporarily employed in his regular occupation as a painter, in order to maintain his pension rights in the Painters' Union.

WEINSTOCK appeared as a principal speaker at the May Day celebration held in Washington Square, NYC, and continues his efforts to raise funds for "The Worker".

WEINSTONE, WILLIAM

WEINSTONE was elected a member of the NC at a meeting of the NC held at NYC, 1/20-22/61. WEINSTONE continues to be active in the affairs of the CP, USA Educational Committee. He has recently been concerned with the organization of a CP National Training School, which was scheduled to be held in May, 1961. It has been determined that this school has now been cancelled as a result of an article appearing in "WALTER WINCHELL's Column" in a recent issue of "The New York Daily Mirror". This article called attention to the fact that a CP school was to be held in May, in New York. WEINSTONE and other CP leaders, apparently concerned over the leak of this information to the press, have cancelled the school.

On 4/17/61, a meeting of the Kings County CP Council was held at 1110 Eastern Parkway, Brooklyn, N.Y.

JIM TORMEY said that the Party feels that the United States aids and abets the Cuban invasion. He said the Party should call for the arrest of anti-Castro forces and a cessation of their activities in the United States, the re-establishment of diplomatic relations with Cuba, and a policy of "hands-off Cuba" for the United States.

He said that the Fair Play for Cuba Committee is actively engaged in demonstrating at the United Nations, New York City.

It was brought out at the meeting that 238 individuals have been re-registered in the CP in Brooklyn to date.

ALICE SELIGSON said that there have been only seven new subscriptions to "The Worker" in the last five weeks. It is believed that she meant in Brooklyn.

The following are the amounts of money needed by the various CP areas in Brooklyn to make their quotas in the Sustaining Fund Drive by 4/30/61:

LEO RABOUINE said that the members of the Peace Club have refused to contribute to the Sustaining Fund, and ALICE SELIGSON said she would attend the next Peace Club meeting in an effort to straighten out the matter.

It was also mentioned that there were four clubs not represented at this Council meeting, and their absence worked a hardship on the Council. It was stated that if a club organizer could not make a Council meeting, then a club member should be designated to attend.

There will be a meeting on 4/30/61 at 3200 Coney Island Ave., Brooklyn, to which Party members and their friends are invited. GUS HALL is scheduled to speak on "The First 100 Days of the KENNEDY Administration."

Re: Freedom Ride, 1961
Racial Matters
Destruction of Aircraft or
Motor Vehicle; Civil Rights

On May 22, 1961, a Confidential Source, who has furnished reliable information in the past, advised that a meeting of leading functionaries of the Communist Party, United States of America (CPUSA) was held in Communist Party (CP) headquarters on that date. Among those in attendance were:

Gus Hall, General Secretary, CPUSA.
James Jackson, member of National Committee (NC), CPUSA, and editor of "The Worker", an east coast Communist weekly publication.
Ben Davis, National Secretary, CPUSA.
Irving Potash, Labor Secretary, CPUSA
Jack Stachel, member of NC, CPUSA
William L. Patterson, Vice Chairman, New York District (NYD) CPUSA.
Herbert Aptheker, member of NC, CPUSA.
William Weinstone, member of NC, CPUSA.

The meeting was concerned mainly with the current situation in Alabama. James Jackson, editor of "The Worker," said the paper should editorially seek to assemble the broadest forces in the country, particularly such trade unions as the steel workers, the United Auto Workers in Atlanta, the Amalgamated in Mississippi, and others to assume a major responsibility in moving the local membership to positive action on the side of the Negro people. He said the CP should pinpoint the obvious culprits in this situation, namely, the monsters, John Patterson, Bull Connors and the State officials of Montgomery, who are members of the White Citizens Council.

Re: Freedom Ride, 1961

Secondly, the Party must pinpoint the responsibility of the Government for meeting the challenge with all required force and the culpability of the Kennedy Administration in having deferred the exercise of its responsibility on Civil Rights. Pressure must be brought on the Kennedy Administration to make Federal intervention adequate in force to meet the present emergency situation. The Freedom Riders have dramatized the lack of desegregation on interstate carriers. According to Jackson, one report is that the Marshals stood by while the National Guard took over exercising their functions and maintained a kind of house arrest of a thousand Negroes. The Southern United States Marshals reportedly used tear gas in such a manner that it all went into the church rather than into the mob. Jackson described as one serious development being the fraternal telegram from the Governor of Mississippi to the Governor of Alabama, pledging full resources of Mississippi in the struggle for states rights. Jackson said "This is a spreading of civil war and insurrection" and "The Worker" should point this out and point out the need for Federal troops to restore law and order in Alabama.

Ben Davis said the Federal Government has the right to go into any state to put down domestic violence and this is now necessary in Alabama. He said the CP should demand that integrated units of the Army go into the State of Alabama and enforce the law. Davis said there is to be an open air meeting in Harlem (New York City) this coming week end. He did not elaborate.

William Patterson said a delegation should go before every State Legislature and demand executive order from the Governor declaring a ban on racism in any form.

Irving Potash recommended a demand for a Federal injunction against the Governor of Alabama to restrain him from inciting violation of the Constitution and inciting mob violence. He suggested that the Party explore the possibility of United Nations action in this matter. He also suggested that general membership meetings be called through "The Worker"

to mobilize "our own comrades" to orientate them and generate initiative on their parts in their own organizations and work. Potash urged that open air meetings be organized by the Party and the possibility of a United Front picket line be explored, the line to be in front of "The Department of Justice in Foley Square" (United States Court House, Foley Square, New York City) to dramatize these demands.

Jack Stachel recommended agenda of forthcoming National Executive Committee (NEC) meeting (May 27-28) be revised in order to discuss action that the Party may be able to take in connection with the current racial situation.

✓ Herbert Aptheker suggested the possibility of student demonstrations being considered. Aptheker made reference to a report of the Attorney General which says "that he had contacted the FBI and asked the FBI to investigate the possibility of the bus coming to Montgomery from Birmingham and a special FBI team investigated and then reported to the Attorney General that on the basis of its information, it was now safe. Thereupon the bus took off. The FBI was instructed to contact the Police forces of Montgomery and assure the presence of protection upon the arrival of the bus. Well, we know what happened - no Police were present." Aptheker continued with "it appears the intelligence of the FBI is the equal of the intelligence of the CIA. The direct implication in this failing of the Federal Government and of J. Edgar Hoover, it seems to me, is a very important point which we should bring forward."

James Jackson said the Party should stimulate and call for unions and students to send white-Negro excursions into the South. He said, "certainly it would be possible from the University of Texas, University of Miami and that medical school in Atlanta where the student body is one third to one half northern students." Aptheker asked whether the Party was making any plans to send someone to the South. Jackson suggested that he and Aptheker go to Montgomery with "the credentials of our paper."

In conclusion, Ben Davis again mentioned the possibilities of a picket line at the Federal Building, Foley Square, and also suggested that the Party see to what extent "Left forces" could be included in a Union Square meeting.
